Report from the Department of Public Safety

The Department of Public Safety is currently at full complement.

The new Camera Network is up and running, and over the summer and fall we will be completing several projects, such as Phase I of the Safe Corridor Project, the replacement of the SUB cameras, additional cameras in the South Dining Hall, and Deatricks Hall Cameras will come on line at the end of the construction project. We are also planning a few other replacements or upgrades.

In response to a request, we have created a table top for an active shooter exercise. In the fall, we will work with the Provost's Office to schedule the programming. Prior to the table top, would like to hold 3 active shooter training sessions, like we offer to the University students. We would encourage any faculty members who would have an interest in the table top exercise to attend one of the sessions.

Clery Training has been released and is available for completion for those faculty, staff, and students identified as Campus Security Authorities.

We have begun to work on our 2017 Annual Security Report as required by the Clery Act. The Annual Security report will be published on October 1 2017. The entire report can be found at <https://www.kutztown.edu/clery>

Office of Environmental Health and Safety

The Office of EHS has successfully completed the spring fire evacuation drills for the semester.

EHS has begun to work on our 2017 Annual Fire Report as required by the Clery Act. The Annual Fire report will be published on October 1 2017 in conjunction with the Annual Security Report.

Emergency Management Team

The EMT has released and distributed the Classroom Safety Guide, the EMT Flip Guide and the Emergency Response Pocket Guide. Additionally they have placed posters throughout the buildings on campus that highlight responses to identified emergencies. Many of these posters have been placed near the emergency evacuation and exit maps.
