PROGRAM ASSESSMENT NEWS

Templates for 24-25 Program Annual Reports

The end of the 2024-2025 academic year is in sight! Remember to collect assessment artifacts and data so that your program's annual report can be completed. The annual report is due September 12, but we will happily accept your report prior to the deadline. Please note this deadline is earlier than other years. As always, feel free to reach out to Brad or Michele with any questions about completing the annual report.

Once complete, the [2024-2025 Annual Report Template](#) should be submitted to [Sharepoint](#). Please click on your college folder and submit your report. Once submitted, documents will be moved into appropriate college and program folders. This process helps us track report submissions.
