Mark Thompson

Reading Royals- Broadcaster, Media Relations, & Hockey Operations Coordinator

Mark Thompson is currently in his tenth season as the broadcaster, director of media relations and coordinator of hockey operations for the Reading Royals, the ECHL affiliate of the Philadelphia Flyers.

In the mid-1990s while living in Los Angeles, Mark launched his career in pro hockey after rediscovering a love for the game that was fostered by years of playing while growing up in southeast Pennsylvania, St. Louis, Missouri, and ultimately Nashville, Tennessee - where he prided himself on playing every possible sport and engaging in virtually every possible physical activity that human minds could devise.

Prior to embarking on his career in professional hockey, Mark was a trial lawyer based in Memphis, Tennessee, where he was involved in a wide-ranging practice which included cases from the most simple traffic violations to complex multi-party federal court class action litigation. He received his undergraduate degree at the University of Tennessee and earned his law degree at Memphis University. Upon graduating from law school, Mark served one year as the law clerk for Justice William H. D. Fones on the Tennessee Supreme Court.

Message from the Dean

Spring 2015 is a very important time for the College of Business, especially the Department of Business Administration (DBA). The AACSB’s peer evaluation team on initial accreditation will visit KU March 1-4. The team’s recommendation on accreditation for KU will likely be accepted by the AACSB. Meanwhile, the DBA will be moving forward with implementing a minor in Supply Chain and Logistics and a program in personal financial planning related to students preparing to become Certified Financial Planners - CFP.

The Department of Sport Management and Leadership Studies (DSMLS) will continue to work on earning COSMA accreditation that may happen in 2015-16.

It has been my privilege to serve as Dean of COB since summer 2008. I will be retiring at the end of 2014-15, and I thank the faculty and staff for their work and accomplishments during the past several years.
Message from Associate Dean Geaney

Welcome to the spring 2015 semester! We are sprinting towards the end of another academic year. Did you use your winter break to tool up and prepare?

Here are some ideas:
1. Set your spring semester GPA goal.
2. Check out the tutoring center's hours.
3. Peruse your spring textbooks before classes begin.
4. Organize your notes and notebooks.
5. Send an email to your advisor with pre-semester questions.

Pre-semester preparation will give you the momentum to sprint over your goal line in May. As always, thank you for choosing Kutztown University and see you in the hallways!
