

Purpose

This document provides guidance on setting up your office hours in Starfish, making appointments with students, and documenting outcomes. It is intended for staff members who will manage a calendar in Starfish to make, edit, and document student meetings.

Important Terms

- **Appointment:** A documented set of details shared between a student and a calendar owner (e.g. advisor, instructor) about a planned meeting. Students may only schedule appointments in the future at times the calendar owner designates as available. Calendar owners and calendar managers can schedule future appointments and create appointments to document past meetings.
- **Appointment Type:** Grouping of appointment reasons and activities (i.e., SpeedNotes) that a common set of roles can add and/or view. Your Starfish administrator will create appointment types and associated reasons and SpeedNotes that will be available to you based on your role. You may be able to use appointment types to allow different groups of students to see different office hours on your calendar.
- **Calendar attachment (iCal):** Attachment to an emailed calendar invitation that allows a user to accept or decline from his/her email client (e.g., Outlook, Google). iCal is the industry standard to communicate meeting information between online calendaring software.
- **Calendar Manager:** A Starfish user who can see and edit another user's Starfish calendar. A calendar owner can designate his/her own calendar managers by navigating to Profile > Appointment Preferences. Or, a Starfish Admin can batch upload these relationships.
- **Calendar Owner:** The Starfish user associated with a Starfish calendar. The calendar owner can add office hours and make appointments with students on his or her calendar. Only users with staff roles are calendar owners. Students do not own calendars in Starfish.
- **Group Session:** Groups sessions are like Office Hours, but more than one student can sign up for this block of time. The Calendar Owner decides how many students can sign up for each Group Session.

- **Meeting:** A documented occurrence of a meeting between a student and a calendar owner (e.g., advisor, instructor) that includes details about the outcomes of the meeting. Calendar owners may designate available times for walk-in meetings or restrict availability to scheduled appointments only. Students may only schedule appointments in the future at times the calendar owner designates as available. Calendar owners and calendar managers can schedule future appointments and create appointments to document past meetings.
- **Office Hours:** Calendar owners can add blocks of time labeled Office Hours to their calendars to indicate when they are available to meet with students. Calendar owners or calendar managers can add appointments outside the blocks, but students can only self-schedule within the block. Office Hours allow students to sign up for individual one-on-one slots within the time parameters entered by the calendar owner.
- **Outcomes:** Results of a meeting documented on the Outcomes tab of an Appointment in Starfish.
- **SpeedNotes:** Activity codes that provide an easy way for staff to document common outcomes of an appointment. Specific SpeedNotes are set up by the institution per Appointment Type.

Establish your availability

Students can only schedule an appointment at times you indicate are available by adding office hours or group sessions. There are three ways you can add office hours: use the **Office Hours Setup Wizard** for quick initial setup, use the **Add Office Hours** button (recommended) to add additional blocks at any time, or use the **Scheduling Wizard** to setup multiple office hour blocks that do not follow a consistent recurrence.

Office Hours Setup Wizard

The first time you log in to Starfish the **Office Hours Setup Wizard** will display if you have a role that can be a calendar owner. Use the **Office Hours Setup Wizard** to quickly create appointment availability.

1. Complete the fields presented to specify:
 - a. **What day(s) do you have office hours?** - check the boxes for each day
 - b. **What time are your office hours?** - enter a start and end time
 - c. **Where are they?** - select the **Type** of setting and enter the **Details** in the field provided (e.g. the building and room number of your office).
 - d. If relevant, provide **Instructions** for students who make appointments with you.
2. Select **Set up Office Hours** to save your settings.

System Announcement: Fall course approvals are required for registration and must be in by the end of the month.

Starfish provides a simple and efficient way for people on campus to schedule time with one another, whether that time is face-to-face, over the phone, or even online. All you have to do to get up and running in Starfish is complete the information on the right, which lets people know when you will be available during the term. Then others on campus will be able to schedule appointments with you electronically. It's that easy!

Once you've signed up, you can elect to receive email notifications informing you about your upcoming meetings. Each notice will include the reason for the visit, the person's picture if available, and a link to their profile.

A well-connected campus is a better campus, so start using Starfish now!

A confirmation message will display.

Thank you for turning on Office Hours!

You can complete your profile and preferences by going to your Profile.

[Go to Profile>>](#)

You can add more blocks or edit your office hours by going to your calendar.

[Go to Calendar>>](#)

If you choose not to complete the wizard now, but want to use it later, check the box labeled **Show me this Office Hours Setup Page again** and then select the **Close** button.

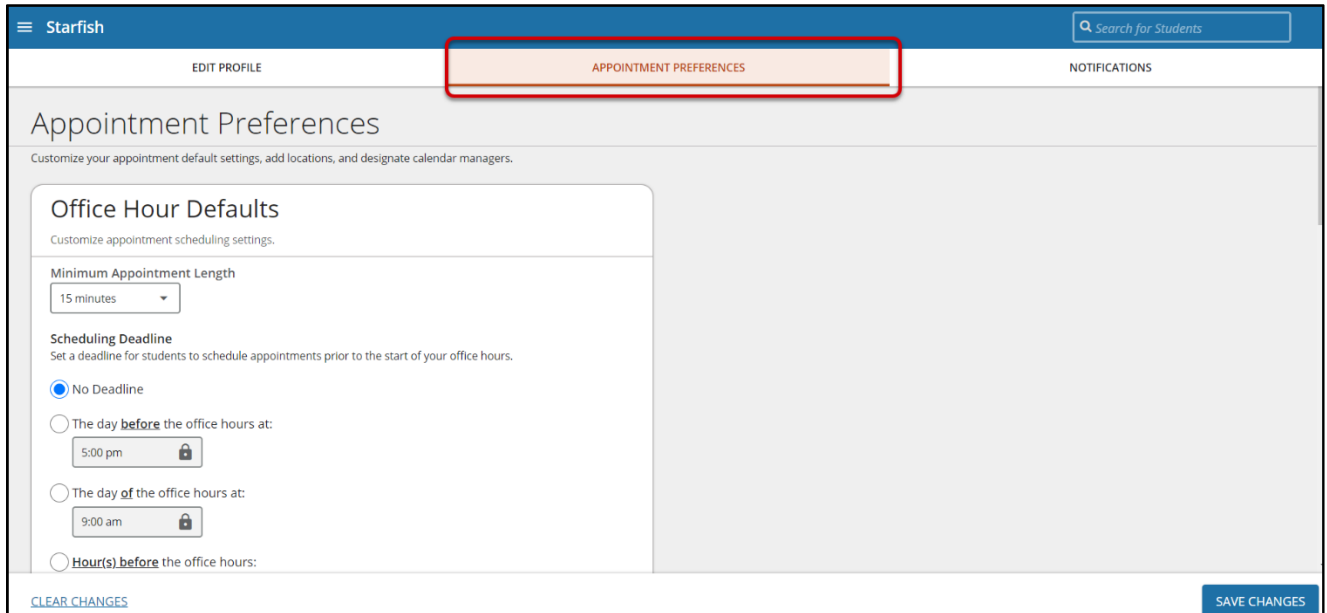

Office Hours (Recommended)

The **Add Office Hours** option is designed for setting up a recurring block of time on a regular pattern such as weekly or daily at a certain time. If you want to set up a group of Office Hours that are less structured, use the **Scheduling Wizard** (*discussed next*).

Appointment Preferences

Before you begin to set up your office hours in this manner, it is a good idea to establish your *Appointment Preferences* and your *Locations* first.

1. Navigate to the **hamburger menu > Your Name > Appointment Preferences.**

The screenshot shows the Starfish web interface. At the top, there is a navigation bar with the Starfish logo, a search bar for students, and three tabs: 'EDIT PROFILE', 'APPOINTMENT PREFERENCES' (highlighted with a red box), and 'NOTIFICATIONS'. Below the navigation bar, the page title is 'Appointment Preferences' with a subtitle 'Customize your appointment default settings, add locations, and designate calendar managers.' The main content area is titled 'Office Hour Defaults' and contains the following settings:

- Minimum Appointment Length:** A dropdown menu currently set to '15 minutes'.
- Scheduling Deadline:** A section with the instruction 'Set a deadline for students to schedule appointments prior to the start of your office hours.' It includes four radio button options:
 - No Deadline
 - The day **before** the office hours at: 5:00 pm (with a lock icon)
 - The day **of** the office hours at: 9:00 am (with a lock icon)
 - Hour(s) **before** the office hours:

At the bottom of the form, there are two buttons: 'CLEAR CHANGES' on the left and 'SAVE CHANGES' on the right.

Office Hour Defaults

The *Office Hour Defaults* section allows you to manage your office hour blocks. You can change these whenever you add a block of office hours.

1. Select a value for **Minimum Appointment Length**. Starfish recommends 15 minutes. This allows the student to schedule with you on the 15, 30, 45, and hour mark. The reason the student selects will reflect the length of the meeting. This will be used as the default when you set up new Office Hours. (Your institution settings for specific appointment reasons may override your selection when a student makes an appointment).
2. Select a radio button and specify the specific value to define your **Scheduling Deadline**. The deadline is imposed based on the start time of any office hour blocks vs. an individual time slot. If set to 'None,' a student may schedule an appointment with you right up to the time slot.

Check the box to “**Allow drop-ins after deadline has passed**” if you wish to include a note in your calendar letting students know that they cannot schedule but can walk into your office after the scheduling deadline has passed.

My Locations

The *My Locations* section allows you to enter one or more locations for your

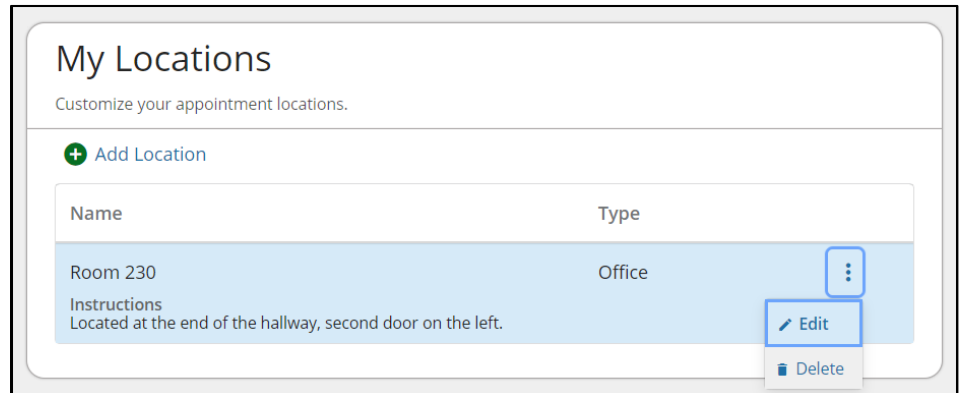

meetings with students. Meetings can be in an office, online, over the phone, or anywhere else you’d like. When you build your calendar availability and add Office Hours, you will have the opportunity to select which of these locations apply to each set of hours.

Add Locations

1. From the Appointment Preferences scroll down to the My Locations section.
2. Select **Add Location**. A new window displays.
3. Select the **Location Type**.
4. Enter a descriptive **Name** in the **Location Name** field.
5. Enter any relevant **Instructions**. *Note: Students will see this information when scheduling an appointment for office hours that have been designated for this location.*
6. When you are finished, select **Add Location**. Repeat this process to add any additional meeting locations.

Edit Locations

You can edit your locations by selecting the **ellipsis** icon, then select **Edit** within the *My Locations* section. Alternately, you can remove a location by selecting **Delete**.

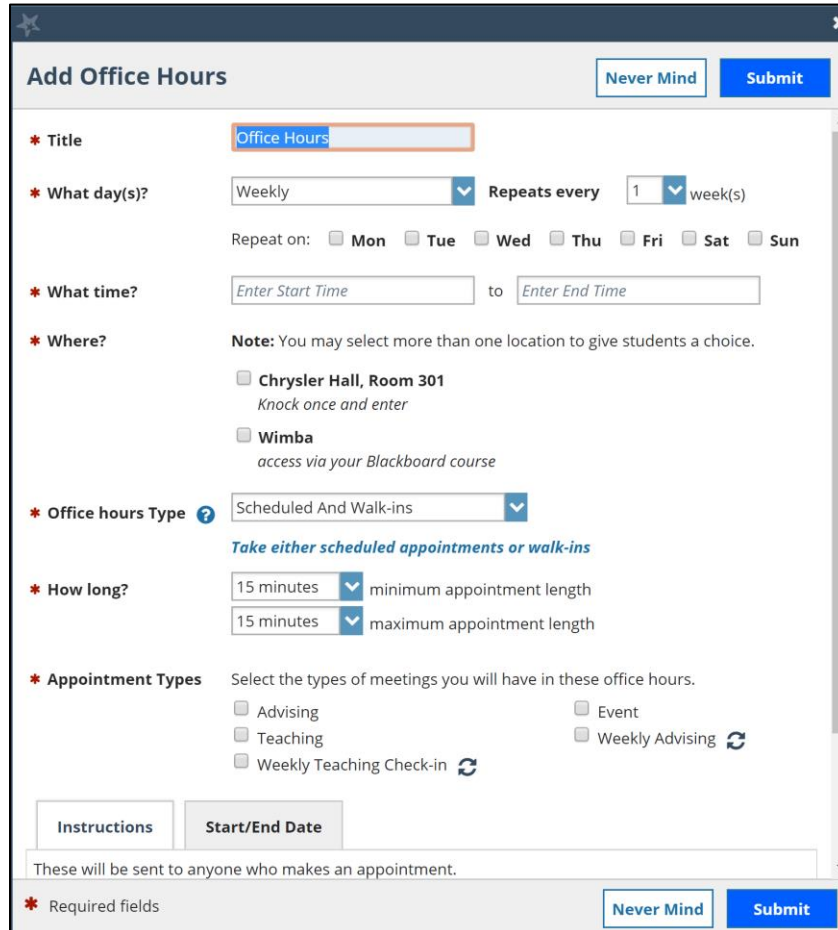

Add Office Hours

1. Select **Office Hours** on your Starfish *Home* page.

The **Add Office Hour** form displays.

Add Office Hours Never Mind Submit

* **Title**

* **What day(s)?** **Repeats every** week(s)

Repeat on: Mon Tue Wed Thu Fri Sat Sun

* **What time?** to

* **Where?** **Note:** You may select more than one location to give students a choice.

Chrysler Hall, Room 301
Knock once and enter

Wimba
access via your Blackboard course

* **Office hours Type**

Take either scheduled appointments or walk-ins

* **How long?** minimum appointment length
 maximum appointment length

* **Appointment Types** Select the types of meetings you will have in these office hours.

Advising Event
 Teaching Weekly Advising Weekly Teaching Check-in

These will be sent to anyone who makes an appointment.

* **Required fields** Never Mind Submit

2. The **Title** for this block of time displays *Office Hours* by default. However, you can change the **Title** to help you or others managing your calendar identify different types of office hours.
3. Select **What day(s)?** and indicate any recurrence (e.g. **Repeats every 1 week**).
4. Use the **What time?** fields to enter the start and end time for the office hours.

Once this office hour block is saved, you will **not** be able to edit the days on which the office hours occur or the type of frequency (e.g. weekly) but you will be able to edit how often the block recurs (e.g. 1 week vs. 2 weeks) and the specific times available.

5. Select **Where?** meetings will be held using the checkbox(es) next to your location(s). If you choose more than one location, the student will be able to choose his/her preferred location for the meeting. To add additional locations options, go to the **Appointment Preferences** page of your *Profile*.
6. Select the **Office Hour Type** dropdown for meetings you will take during this block.
 - a. Select **Scheduled and Walk-ins** if you will be using the kiosk/waiting room features, and you plan to take walk-ins between appointments.
 - b. Select **Scheduled Appointments Only** if you will not take any walk-ins.
 - c. Select **Walk-ins Only** to show the time as available to students but disallow anyone from making advance appointments.
7. Select **How long?** meetings can be by selecting a minimum and maximum duration. If the minimum and maximum are identical, the student will not be given a choice of duration. *Note that institution settings for specific appointment reasons, may override your settings.*
8. If your role has permissions to add more than one Appointment Type, you will see checkboxes that allow you to select which types apply to this block of time. Appointment Types dictate:
 - a. which students can schedule during this time (based on the role that connects you and the student)
 - b. the appointment reasons shown to students
 - c. which **SpeedNotes** will display
 - d. which roles can view the appointment and its notes

 An appointment type with the recurrence icon  indicates an **appointment** that recurs on the same date and time for the duration of the term.

9. At the bottom of the form, use the **Instructions** box to enter instructions to students scheduling with you during this block of time. Instructions are required for blocks that allow Walk-ins.
10. Optionally, select the **Start/End Date** tab to set a time frame for a repeating office hour block. For the End Date, you may choose: Never, End of Term, on a specified date, or after a specified number of occurrences.
11. Select **Submit** to save your Office Hour block.

Scheduling Wizard (ideal for less structured office hours)

The **Add Office Hours** option is geared toward setting up a recurring block of

time on a regular pattern such as weekly or daily at a certain time. If you want to set up a group of Office Hours that are less structured, use the **Scheduling Wizard**.

 This feature is particularly useful for advising rush weeks, midterm course meetings, or other scenarios where you need to hold several different office hour sessions for students within a week or two.

1. Select **Scheduling Wizard** from your *Home* page.
2. Complete the first page of the **Scheduling Wizard** by entering the **Title**, location **Where**, duration **How long**, Appointment Types and **Instructions** that should be applied to **all** the office hour blocks that are to be created. (You will find additional descriptions of these fields in the

Add Office Hours section).

Any office hour block that does not share these details must be created separately.

Scheduling Wizard

The Scheduling Wizard makes it easy for advisors and instructors to schedule multiple office hours blocks for multiple days in a single week. This is useful for setting up your calendar for advising rush periods and other times when you book several blocks of time for seeing students.

To get started, specify the title, location, and other settings for the office hours blocks you are setting up.

Continue to step 2 in the wizard to setup the days and times for the week's office hours.

Enter the information that should be applied to the office hours blocks. Note that all blocks created in step 2 of this wizard will use the information you specify here.

*** Title**

*** Where?** Note: You may select more than one location to give students a choice.

Chrysler Hall, Room 301
Knock once and enter

Wimba
access via your Blackboard course

*** How long?** ▼ minimum appointment length

▼ maximum appointment length

*** Appointment Types** Select the types of appointments that can be made in these office hours.
Note: You can select multiple non-recurring appointment types but only one recurring appointment type.

< Back
Finish

4. The date range is displayed in the top right corner of the grid. Use the < > controls to the right of the date range to navigate to the week in which you want to begin scheduling the office hours.
5. In the selected week, enter the start and end times for each block in the appropriate day columns. You can schedule multiple office hour blocks on any day within the week.

If you need to schedule more than three blocks on any day, select the **Add Another Block** link in the column for that day.

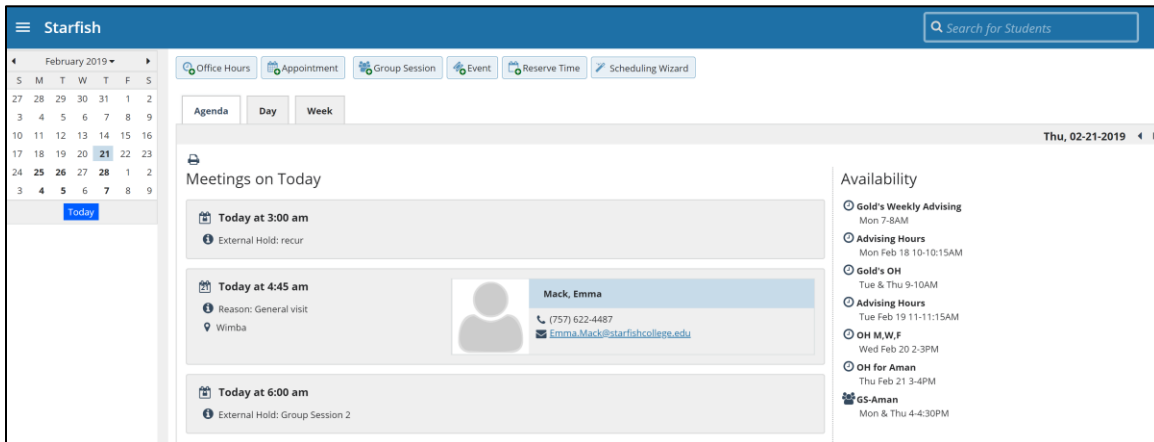

4. To add blocks to another week, use the < > controls to move to the next week. ***Don't select finish until you've entered all the blocks!***
5. Select **Finish** to create all the office hour blocks. A summary window displays.

- The summary will include a list of hours that were added successfully. Any block that could not be created due to will also display. Make a note of failed blocks before selecting **Finish** to exit the wizard as necessary.

Manage Office Hours

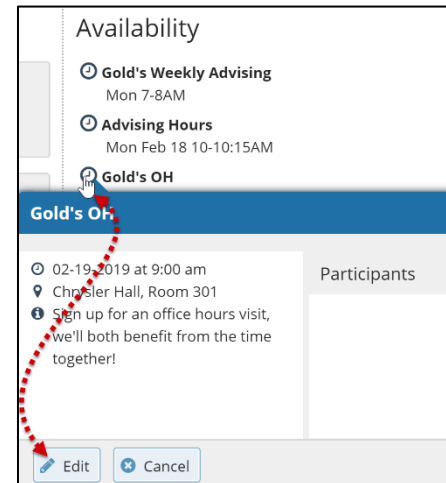

Edit or cancel a series of office hours from the **Agenda** tab in the **Appointments** section of Starfish.

Edit office hours

- Hover over the office hours menu icon next to an office hour title to open the **Office Hours** pop up card.

2. Select **Edit** to modify: the frequency of the office hour block's recurrence, the time of day, locations, office hour types, minimum and maximum duration of appointments, appointment types, instructions, or a start/end date of the series.
3. Select **Submit** on the **Edit Office Hours** form to save your changes.

 You cannot edit the days of the week or the nature of the recurrence (e.g. weekly).

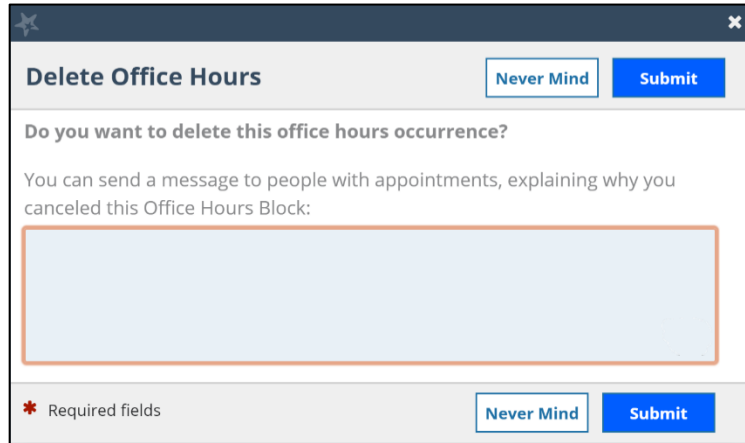

Selecting **Edit** will modify all occurrences of this set of office hours. To reduce availability within an office hour block on a specific day, **add reserved time** (See *Add Reserved Time* for more info) to cover the part of the office hours you want to remove from availability.

Delete Office Hours

1. Hover over the office hours menu icon next to an office hour title to open the **Office Hours** pop up card.
2. Select **Cancel** to open the *Delete Office Hours* window.

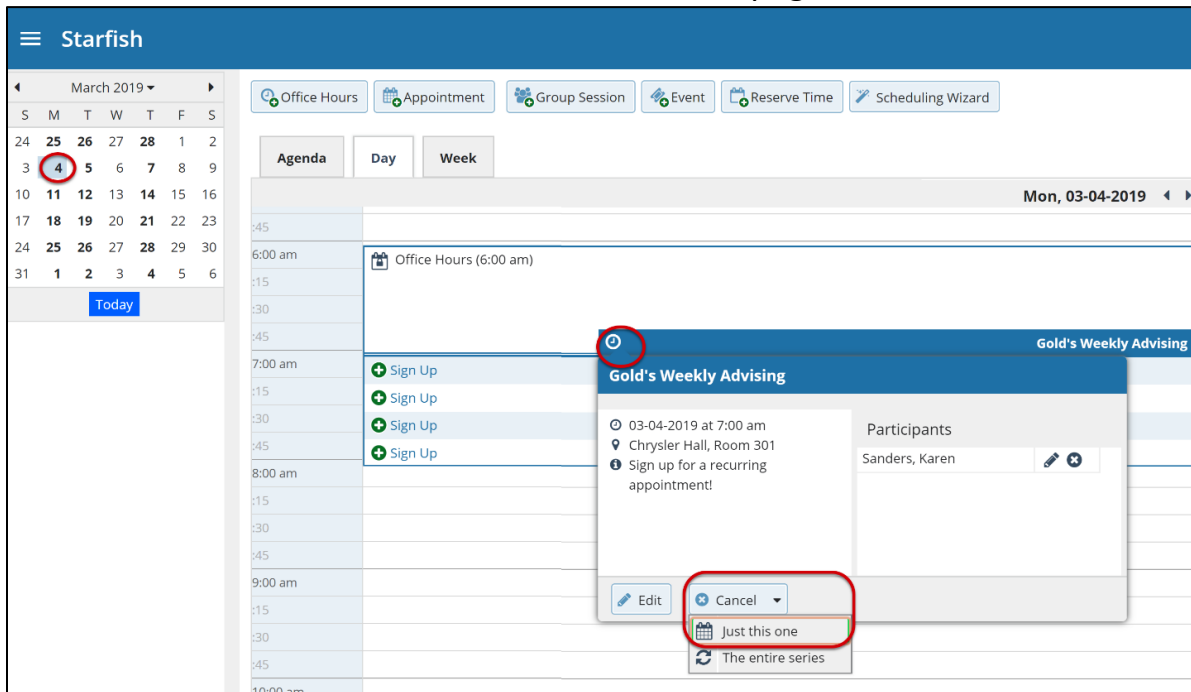

3. Select **Submit** on the *Delete Office Hours* widow to remove the office hour block.

Cancel a single occurrence of an office hour block

Cancel an individual occurrence of an office hour series from the **Day** tab of your **Appointments** section of Starfish.

1. Use the mini calendar on the left side of the page to select the desired day.

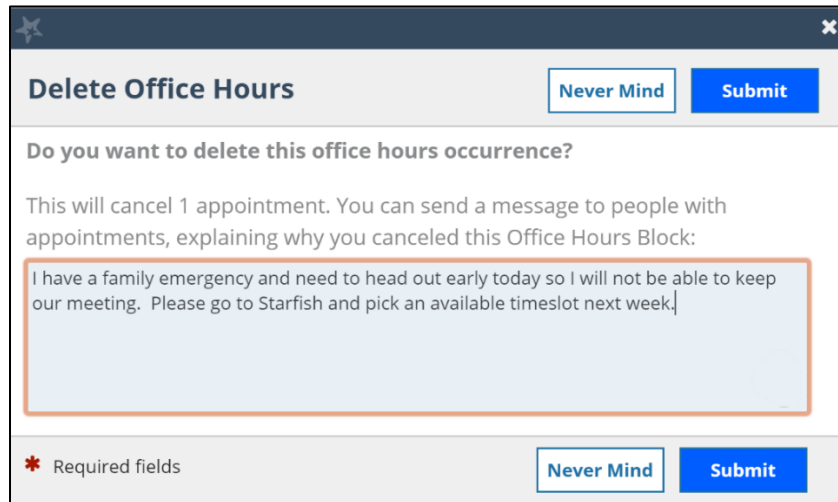

2. Hover over the icon associated with the block of hours for the selected day.

3. Select **Cancel** from the pop-up card that is displayed then select **Just this**

one to cancel office hours for the selected day. You will be prompted to confirm the cancellation and can add a note that will be included in an email to those whose appointments are canceled.

-  Starfish recommends including an explanation and provide guidance on how to reschedule or connect to other available resources.

Delete Office Hours Never Mind Submit

Do you want to delete this office hours occurrence?

This will cancel 1 appointment. You can send a message to people with appointments, explaining why you canceled this Office Hours Block:

I have a family emergency and need to head out early today so I will not be able to keep our meeting. Please go to Starfish and pick an available timeslot next week.

* Required fields Never Mind Submit

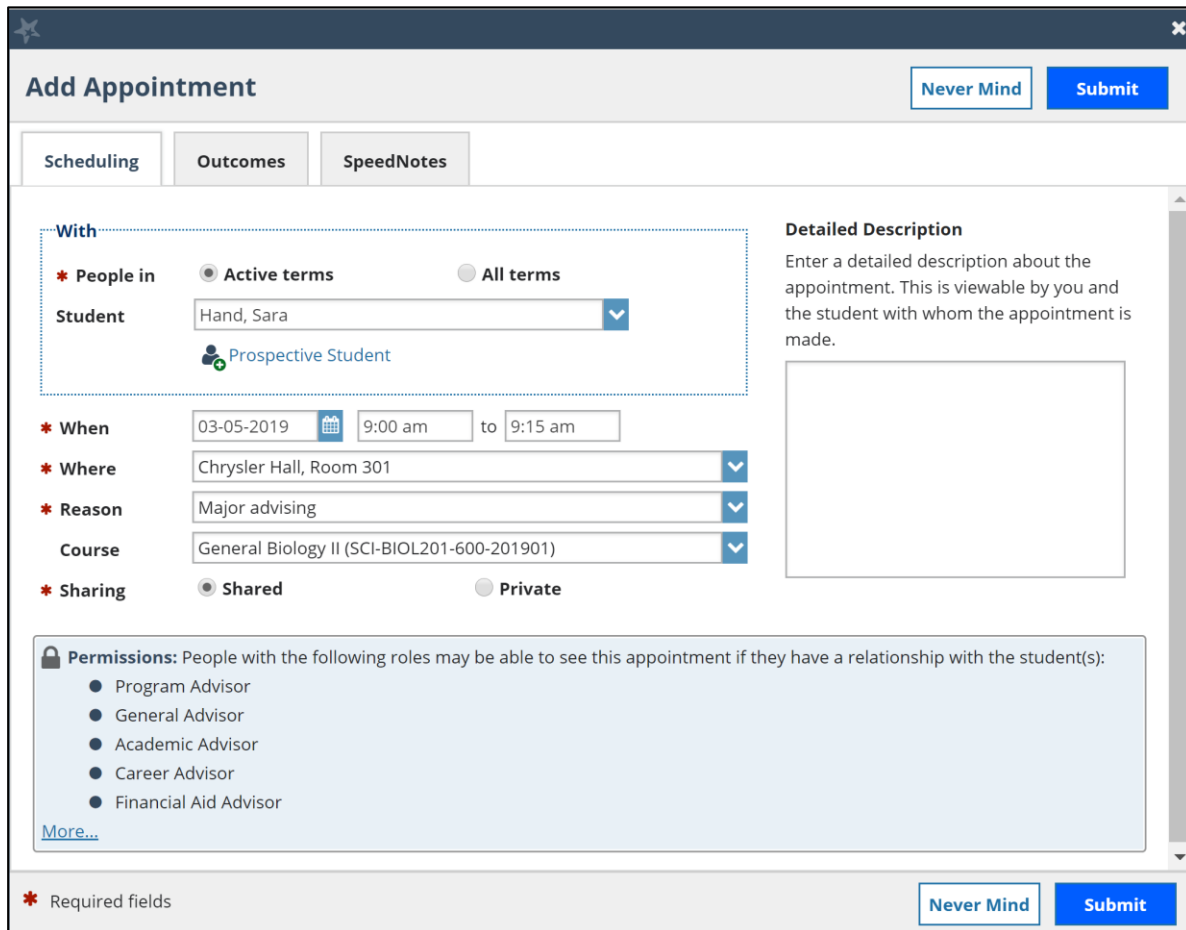

4. Select **Submit** to cancel the Office Hour occurrence.

Add Appointments

1. Initiate a new appointment using one of two ways:
 - Select **Add Appointment** from your *Home* page.
 - Select the **Sign Up** icon  for an existing office hour slot using the **Day** or **Week** view of your calendar on the *Appointments* page.

Using either method, the **Add Appointment** form displays.

The 'Add Appointment' form is displayed with the following fields and options:

- Buttons:** Never Mind, Submit
- Navigation:** Scheduling, Outcomes, SpeedNotes
- With:**
 - People in: Active terms, All terms
 - Student: Hand, Sara (dropdown), Prospective Student (+)
- When:** 03-05-2019 (calendar icon), 9:00 am to 9:15 am
- Where:** Chrysler Hall, Room 301 (dropdown)
- Reason:** Major advising (dropdown)
- Course:** General Biology II (SCI-BIOL201-600-201901) (dropdown)
- Sharing:** Shared, Private
- Detailed Description:** Enter a detailed description about the appointment. This is viewable by you and the student with whom the appointment is made.
- Permissions:** People with the following roles may be able to see this appointment if they have a relationship with the student(s):
 - Program Advisor
 - General Advisor
 - Academic Advisor
 - Career Advisor
 - Financial Aid Advisor
- Footer:** * Required fields, Never Mind, Submit

2. In the **People in** field, select the appropriate **Term** for the student.
3. In the **Student** dropdown, enter the student name. Starfish will find matching students with whom you have a relationship. Select the appropriate student from the list.
4. If you start the appointment from an existing office hour block, the *Appointment Types* setting in that block may further limit the students available in your list. Alternately, if you used the **Add Appointment** button rather than selecting an existing time slot, specify **When** the meeting will take place (date, start time, end time).
5. Select the location in the **When** drop down list.
6. Select a **Reason** for the meeting. The reasons available are based on the student you selected and the *Appointment Types* that you have access to in your role/ relationship with that student.

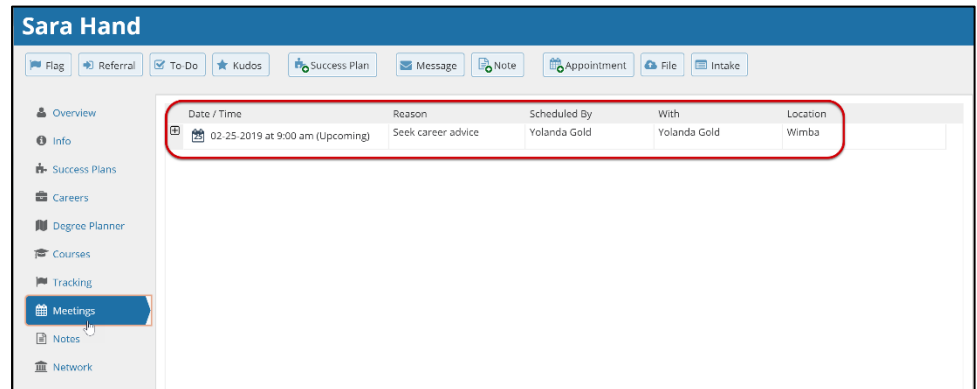

Each reason is tied to an appointment type. Each appointment type defines which roles may view or modify an appointment of this type, and the available **SpeedNotes**. Once you choose a reason, information about which other roles have permission to see the appointment will be shown in the section labeled **Permissions**.

7. If you selected a timeslot from a set of existing office hours, the reasons will be further limited to those associated with the *Appointment Types* settings for the office hours.
8. If relevant to the meeting and permitted by your role, select a **Course** from the list presented.
9. Select the appropriate **Sharing** settings for this appointment.

10. Enter a **Detailed Description** which will be emailed to you and the student.

11. Select **Submit**.

The appointment displays on your *Calendar, Home page, and Recent Changes* channel. Additionally, the appointment, along with the detailed description

displays on the **Meetings** tab of the student folder for anyone that has permission to view the appointment.

Both you and the student will receive an email with an iCal attachment for any **future** appointments. Appointments created to document prior meetings will not send an email. If you do not receive an email, check your *Email Notification* settings.

Manage Appointments

From the **Appointments** pop up card you can edit or cancel an upcoming appointment and add or edit outcome details. If configured on your Starfish system, you may be able to use **SpeedNotes** to

document common outcomes.

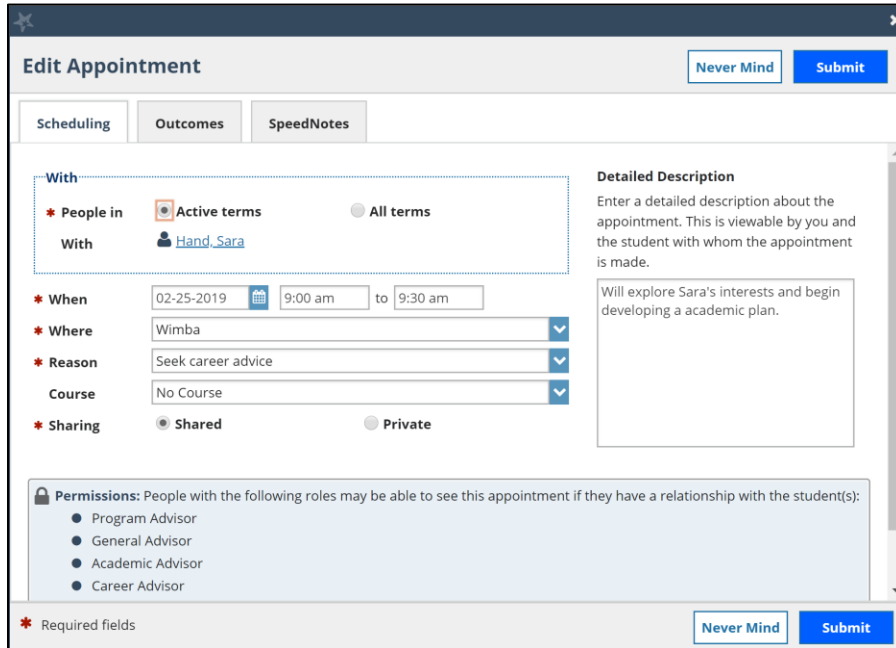

Scheduling

1. Hover over the **Appointment** icon .
2. Select **Edit** to open the **Scheduling** tab. From here, you can edit appointment scheduling details including:
 - **When** and **Where** the appointment will occur.
 - The **Reason** associated with the appointment.

The **Reason** selection may impact who else can view the meeting, and which **SpeedNotes** will be available for documenting outcomes.

- The **Course** associated with the appointment. (optional)
- The **Sharing** setting.
- The **Detailed Description** that is shared with the student and documented on the *Meetings* tab of the student folder.

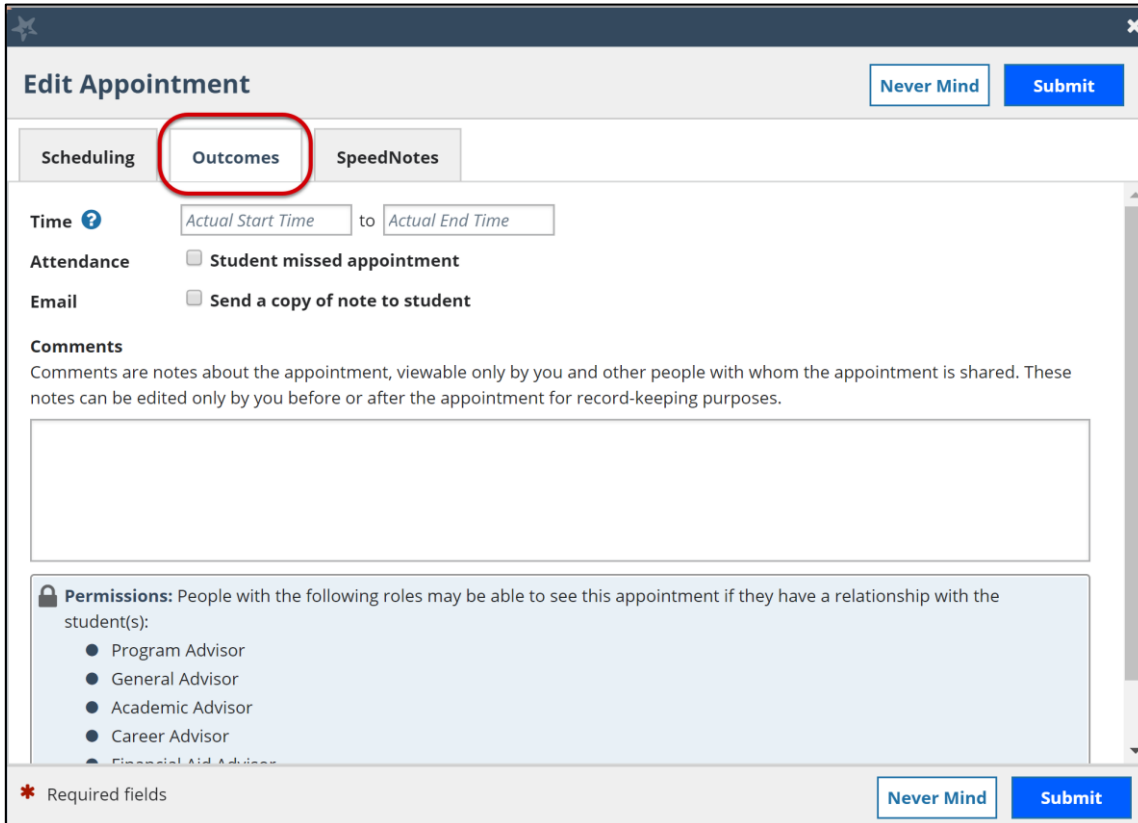

3. When finished, select **Submit**.

An updated iCalendar (iCal) attachment will be emailed to the student. You will also receive the updated iCal if your **Email Notifications** preferences are set to notify when changes are made to an existing appointment (recommended).

Outcomes

1. Hover over the **Appointment** icon .
2. Select **Outcomes**.

Edit Appointment Never Mind Submit

Scheduling **Outcomes** **SpeedNotes**

Time to

Attendance Student missed appointment

Email Send a copy of note to student

Comments
Comments are notes about the appointment, viewable only by you and other people with whom the appointment is shared. These notes can be edited only by you before or after the appointment for record-keeping purposes.

Permissions: People with the following roles may be able to see this appointment if they have a relationship with the student(s):

- Program Advisor
- General Advisor
- Academic Advisor
- Career Advisor
- Financial Aid Advisor

* Required fields Never Mind Submit

3. In the **Time** fields enter the meeting's actual start and end time.
4. Select the **Attendance** checkbox if the student missed the appointment. Depending on your institution's settings, this may trigger an email to the student.
5. Select the **Email** checkbox if you would like to send a copy of the **Outcome** note to the student.
6. Enter your notes into the **Comments** box.
7. When finished, select **Submit**.

The **Outcome** notes will be available in the student folder on the **Meetings** tab for this appointment.

SpeedNotes

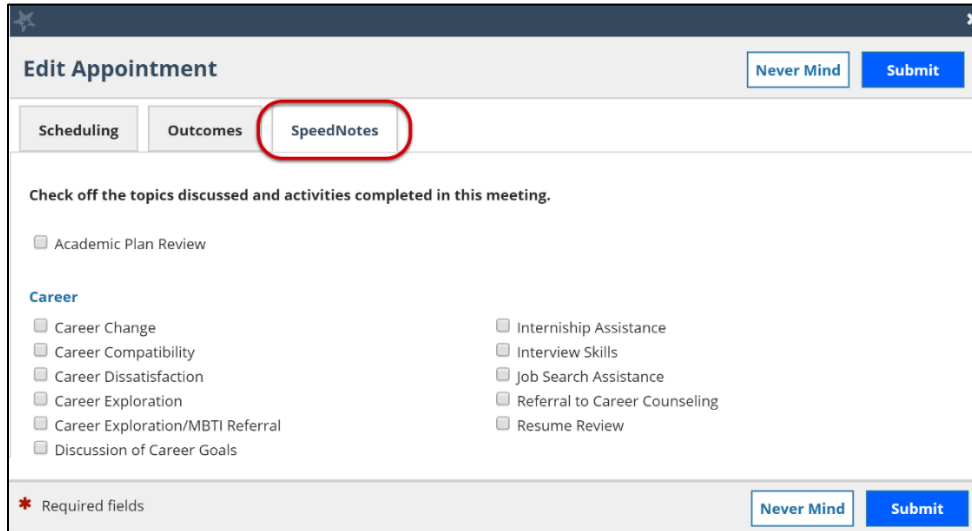

SpeedNotes are preconfigured appointment activities that can be selected to quickly capture recurring meeting outcomes. If **SpeedNotes** exist for any appointment types in your Starfish system, the **SpeedNotes** tab is available whenever the **Edit Appointment** form is open.

If the selected appointment type has no **SpeedNotes** associated with it, the tab contents will be blank.

The **Reason** selected for your appointment on the **Scheduling** tab is connected to an appointment type, and that appointment type determines which **SpeedNotes** are displayed. If you don't see the **SpeedNotes** you were expecting, you may need to select a different **Reason** or check with your Starfish Administrator.

1. Hover over the **Appointment** icon associated with an appointment.
2. Select **Outcomes** or **Edit** from the *Appointment* pop up card.
3. Select **SpeedNotes**.
4. Select the items that are relevant to your meeting.

Edit Appointment Never Mind Submit

5. When finished, select **Submit**.

Cancel Appointments

1. Hover over the **Appointment** menu icon .
2. Select **Cancel**.
3. The **Cancel Appointment** form is displayed. Enter a note explaining the reason for the cancellation.

Cancel Appointment

Are you sure you want to cancel your 9:00 AM appointment with Hand, Sara?

You can send this person a message explaining why you have to cancel. This message will be saved with the appointment notes:

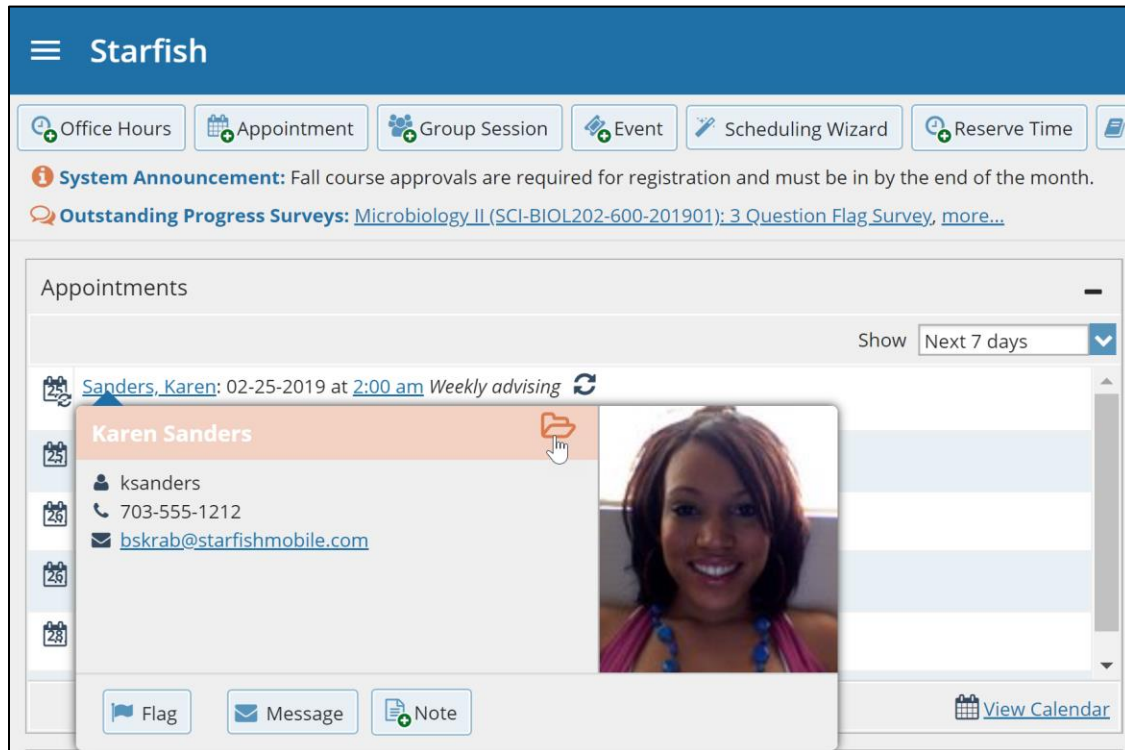

* Required fields

4. Select **Submit** to cancel the appointment.

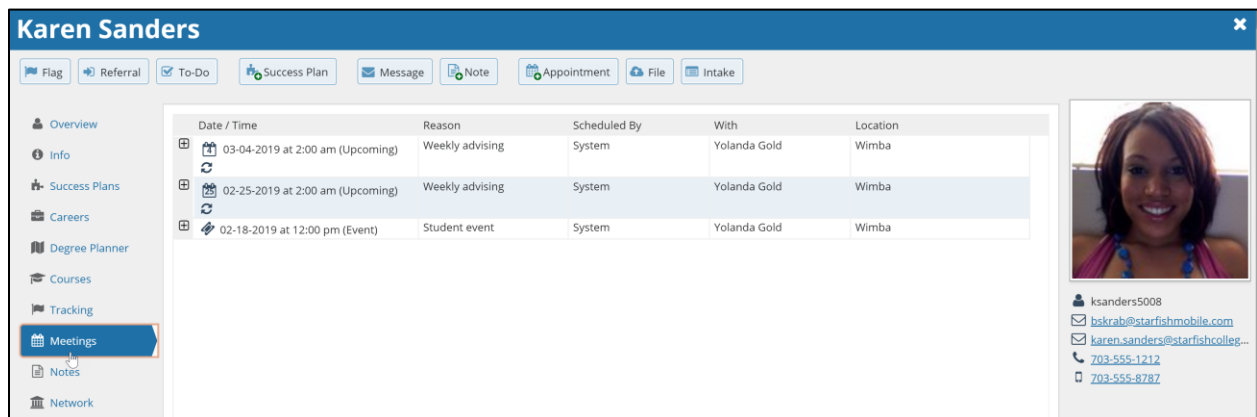

An updated iCalendar (iCal) attachment will be emailed to the student. You will also receive the updated iCal if your **Email Notifications** preferences are set to notify when changes are made to an existing appointment (recommended).

Review Appointment information and meeting outcomes

1. You can open the student folder by selecting the link associated with the student's name wherever it displays in Starfish. In this example, we will access the appointment information from the **Appointment** channel on your *Home* page.

The *Student Folder* displays.

2. Select the **Meetings** tab to review information about upcoming and past meetings for this student.

The **Meetings** tab of the student folder includes upcoming appointment information as well as meeting notes captured in Starfish. It may also include historical meeting information from external systems.

The information that is available to you on the **Meetings** tab is based on the role(s) that connect you to your students and the *Appointment Types* those roles have permission to view.

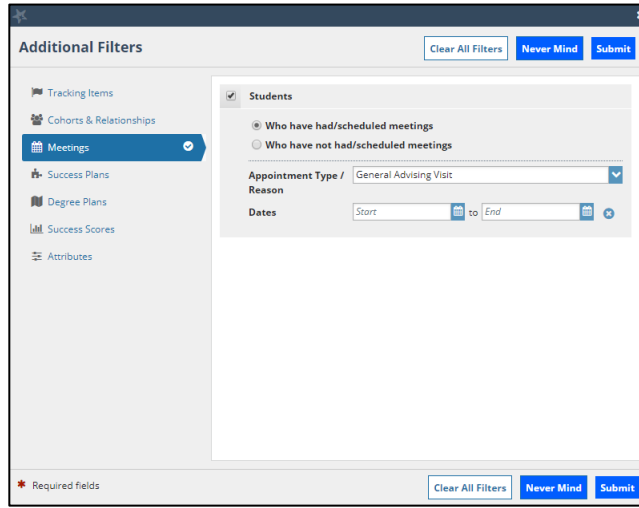

The icons to the left of each meeting in the list provide additional information or available actions related to the meeting:

- **Expand** icon : when you select the **Expand** icon you can view additional details about the meeting.
- **Appointment** icon : when you hover over the **Appointment** icon you can update the appointment.
- **Missed Appointment** icon : if the student was marked as a no show on the **Outcomes** tab, the **Missed Appointment** icon displays instead of the standard appointment icon.
- **Historical Appointment** icon : if your Starfish system was configured to allow external calendar meeting outcomes such as TutorTrac, you will see the **Historical Appointment** icon display.
- **Events** icon : when you add an Event, the **Event** icon displays in your Starfish calendar.

Filter student lists based on meetings

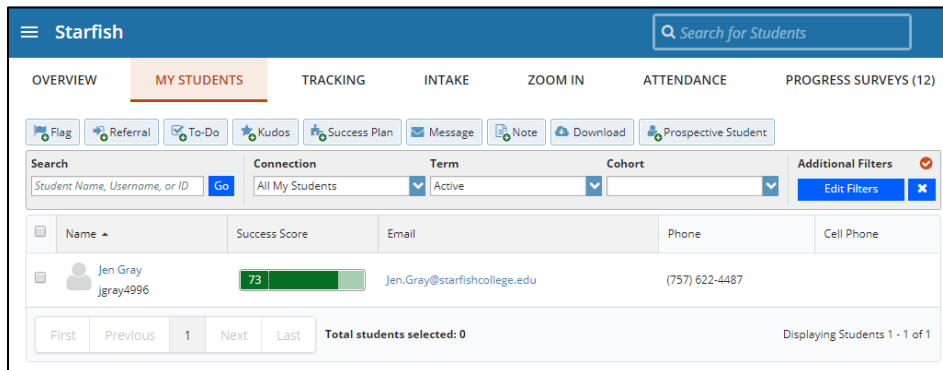

From the **My Students** tab, you can identify students that have or have not scheduled appointments.

1. Select **My Students** from the **Students** menu option, then select **Add Filters**. The *Additional Filters* form displays.

2. Select **Meetings** from the filter options and select the **Students** checkbox.
3. Select whether you want to filter to students **Who have had/scheduled meetings** or to those **Who have not had/scheduled a meeting**. Alternately, you can filter to a specific **Appointment Type/Reason** and a range of **Dates**.
4. When finished, select **Submit**.

Your student list displays students who matched your **Meetings** filter criteria.

Name	Success Score	Email	Phone	Cell Phone
Jen Gray jgray4996	73	Jen.Gray@starfishcollege.edu	(757) 622-4487	

Select the **Clear Filters**  icon to remove your filter or select **Edit Filters** to modify your filter criteria.

-  Canceled appointments **will not be** included in the filter results for students that have had/scheduled an appointment, but scheduled appointments where the student was marked as a no show **will be** included.

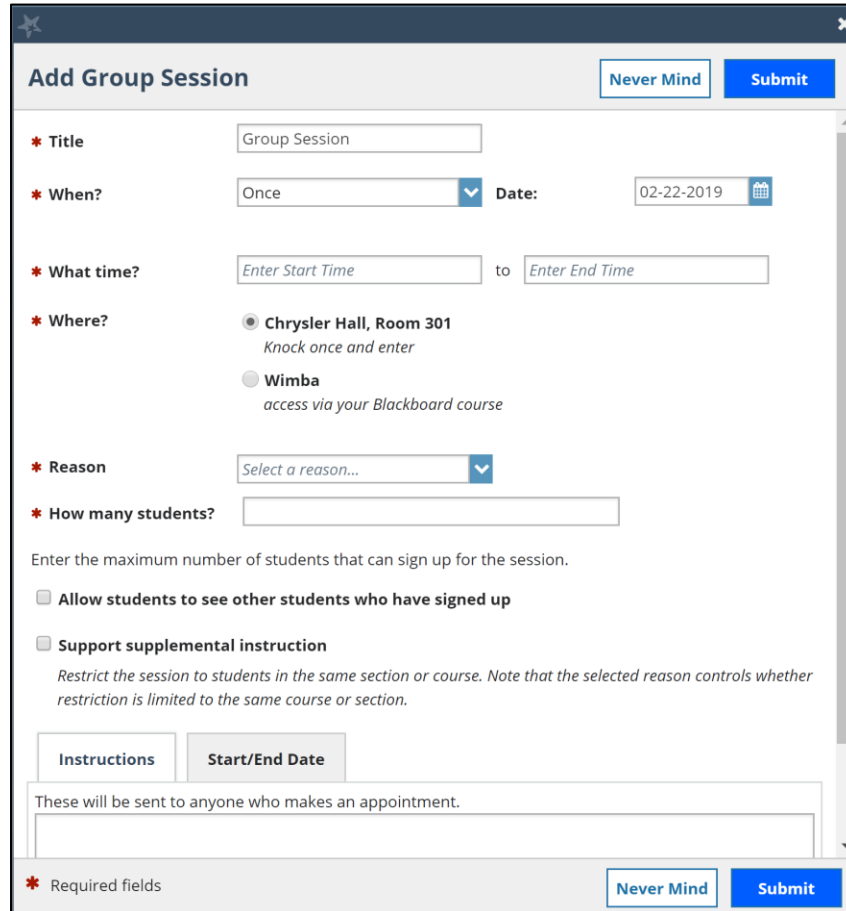

Group Sessions

Group sessions allow you to create blocks of time in which a specified number of students can meet with you as a group. The steps are like adding office hours but include selections that are specific to group sessions.

Add a Group Session

1. Select **Add Group Session** from the *Home* page. The **Add Group Session** form displays.

The screenshot shows a web form titled "Add Group Session". At the top right are "Never Mind" and "Submit" buttons. The form contains several fields:

- Title:** A text input field containing "Group Session".
- When?:** A dropdown menu set to "Once" and a "Date:" field containing "02-22-2019" with a calendar icon.
- What time?:** Two text input fields labeled "Enter Start Time" and "Enter End Time" separated by "to".
- Where?:** Two radio button options: "Chrysler Hall, Room 301" (selected) with the subtext "Knock once and enter", and "Wimba" with the subtext "access via your Blackboard course".
- Reason:** A dropdown menu with "Select a reason..." as the placeholder.
- How many students?:** A text input field.

Below these fields is a note: "Enter the maximum number of students that can sign up for the session." There are two checkboxes: "Allow students to see other students who have signed up" and "Support supplemental instruction". A note below the second checkbox reads: "Restrict the session to students in the same section or course. Note that the selected reason controls whether restriction is limited to the same course or section." At the bottom of the form are two tabs: "Instructions" and "Start/End Date". Below the tabs is a text area with the placeholder "These will be sent to anyone who makes an appointment." At the bottom right of the form are "Never Mind" and "Submit" buttons. A legend at the bottom left indicates that red asterisks denote required fields.

2. Enter a **Title** for this group session. Students will see this title when they view your calendar.
3. Select **When?** the group session will occur and select the recurrence.
4. Use the **What time?** fields to enter the start and end time for the group session.

Once the group session is saved, you will not be able to edit the days on which the session occurs or the type of frequency (e.g. weekly) but you will be able to edit how often the block recurs (e.g. 1 week vs. 2 weeks) and the specific times.

5. Select **Where?** meetings will be held. To add additional locations options,

go to the **Appointments Preference** page of your *Profile*. Only one location can be selected for a group session.

6. Select the **Reason** associated with this group session. Reasons listed are those associated with the *Appointment Types* your role has permission to add. If you don't find the reason you expected, contact your Starfish administrator.
7. Enter **How many students** (maximum) can sign up for the session.
8. If students can see the names of other students who have signed up for the session, select the **Allow students to see other students who have signed up** checkbox.
9. If this group session should be limited to students in the same course/course section, select the **Support supplemental instruction** checkbox. When this option is selected, participants will be limited to the course/course section selected by the first student who signs up.

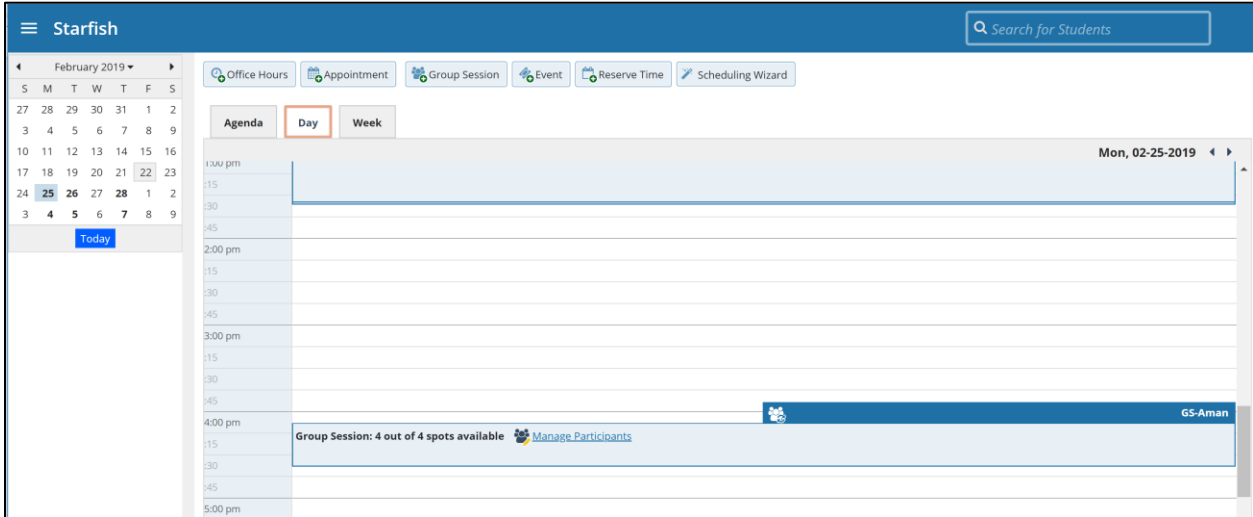

The supplemental instruction option is most often used with Tutoring Service Calendars. The restriction may be either course or course section based (e.g. restricted to Biology 101 students, or to Biology 101, section 02 students). This depends on options your Starfish administrator set for the *Appointment Type* associated with your group session reason. Contact your Starfish Admin to learn more about this option.

10. Use the **Instructions** box for information that can be shared with students who sign up.
11. Select **Start/End Date** to designate a time frame for the group session if it recurs (as set in step 3 above).

12. Select **Submit** save your Group Session.

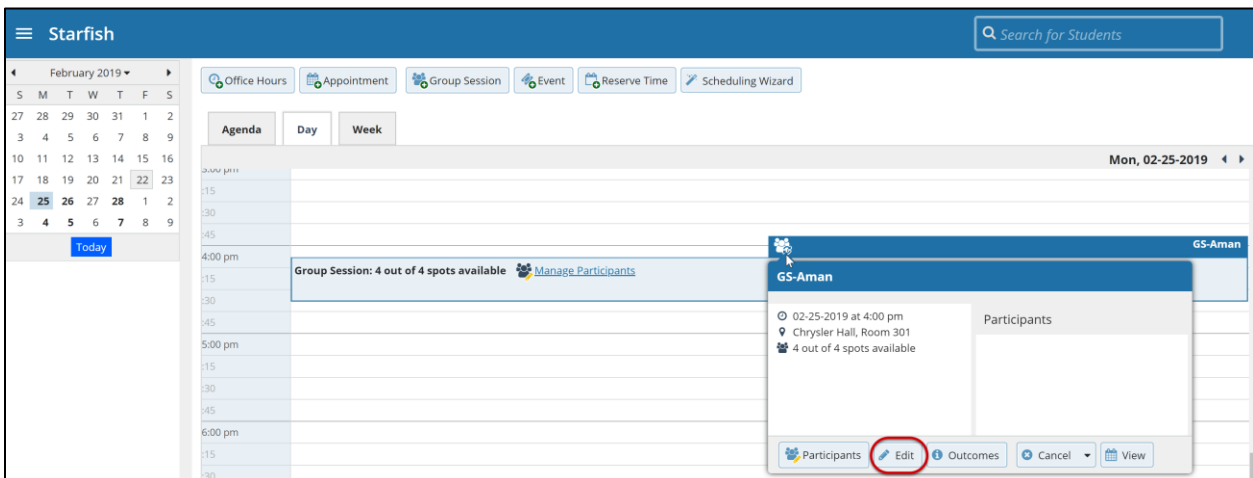

Existing group sessions will display within the **Appointments** section of Starfish.

The screenshot shows the Starfish calendar interface for February 2019. The calendar view is set to 'Day' for Monday, 02-25-2019. A group session is visible at 4:00 pm, labeled 'GS-Aman'. The session details show 'Group Session: 4 out of 4 spots available' and a 'Manage Participants' link. The interface includes a search bar, navigation tabs for Office Hours, Appointment, Group Session, Event, Reserve Time, and Scheduling Wizard, and a calendar grid on the left.

Edit a Group Session

1. Hover over the **Group Session** icon to open the group session pop-up card.
2. Select **Edit** on the pop-up card. You can edit the frequency of recurrence, time of day, location, reason, number of participants, visibility of students, instructions and the series start/end date.

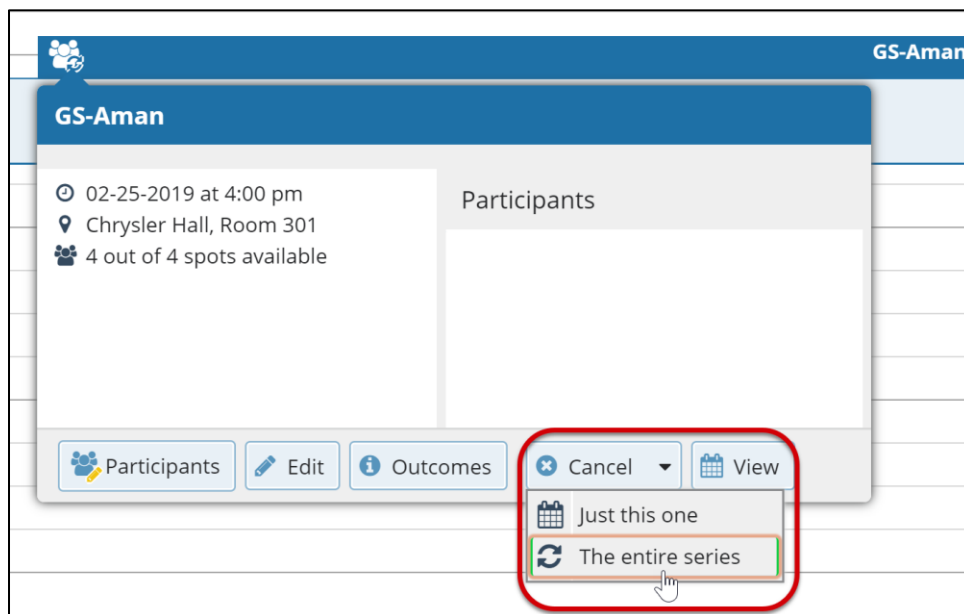

This screenshot shows the same Starfish calendar interface as the previous one, but with a pop-up card for the 'GS-Aman' group session open. The pop-up card displays the session details: '02-25-2019 at 4:00 pm', 'Chrysler Hall, Room 301', and '4 out of 4 spots available'. At the bottom of the pop-up card, there are several buttons: 'Participants', 'Edit' (highlighted with a red circle), 'Outcomes', 'Cancel', and 'View'.

★ You **cannot** edit the days or the frequency of the recurrence (e.g. weekly). Some changes are prevented after students have signed up.

3. Select **Submit** to save your changes.

Cancel a Group Session

1. Hover over the **Group Session** icon to open the **Group Session** pop-up card.
2. Select **Cancel**. If you select **Just this one**, this will cancel the session for the selected day. If you select **The entire series**, this will cancel all occurrences of the group session.

You will be prompted to confirm the cancellation and can add a note that will be included in an email to those whose session is canceled.

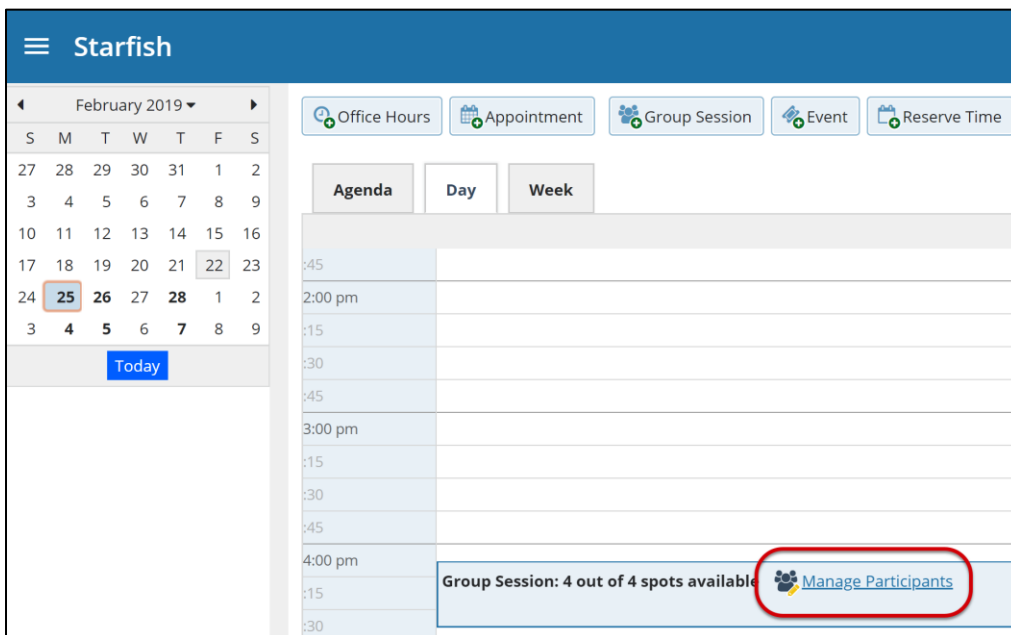

3. Select **Submit** to cancel the group session series.

Manage Group Session Participants

You can add or remove participants in an individual group session using the **Manage Participants** link on the **Day** view of the group session.

Add Participants

1. Select **Manage Participants**.

The screenshot shows the Starfish calendar interface. On the left, there is a calendar for February 2019 with the date 25 highlighted. The main area displays a 'Day' view of a group session. The session is scheduled for 4:00 pm and has 4 spots available. A red circle highlights the 'Manage Participants' link in the bottom right corner of the session details.

2. Search for a student by typing the name into the **Add participant** field, then select **Add**. Repeat this process for each student you want to add.

2. When you are finished select **Submit**.

Session Sharing

You can mark group sessions to be **Shared** with people that have a relationship with the student. Starfish will display the first five people that have a relationship with the student by default, select **More** to display the entire list.

Session Sharing Shared Private

 **Permissions:** People with the following roles may be able to see this group session if they have a relationship with the student(s):

- Program Advisor
- General Advisor
- Academic Advisor
- Career Advisor
- Financial Aid Advisor

[More...](#)

Alternately, you can mark sessions to be **Private** prohibiting others from viewing this session except for you and your calendar manager(s).

Session Sharing Shared Private

 **Permissions:** This group session is private and can be viewed only by you and your calendar managers.

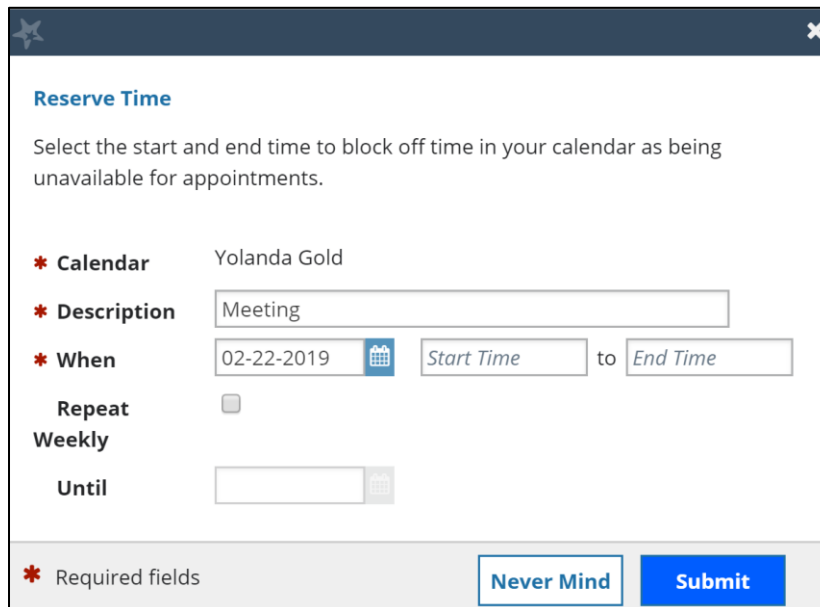

Reserve time on your calendar

Use the **Reserve Time** option to show time on your calendar as unavailable for appointments during that time.

1. Select **Reserve Time** on your *Home* page.

2. Fill out the **Reserve Time** form to include a description of the reserved block, the date and time of occurrence. If the block recurs each week, use the **Repeat Weekly Until** checkbox to indicate a weekly recurrence, and select the end date for the block using the date picker.

A screenshot of the 'Reserve Time' form. The form has a title 'Reserve Time' and a subtitle 'Select the start and end time to block off time in your calendar as being unavailable for appointments.' The form fields are: 'Calendar' (Yolanda Gold), 'Description' (Meeting), 'When' (02-22-2019, Start Time, to, End Time), 'Repeat Weekly' (checkbox), and 'Until' (date picker). At the bottom, there is a 'Required fields' label, a 'Never Mind' button, and a 'Submit' button.

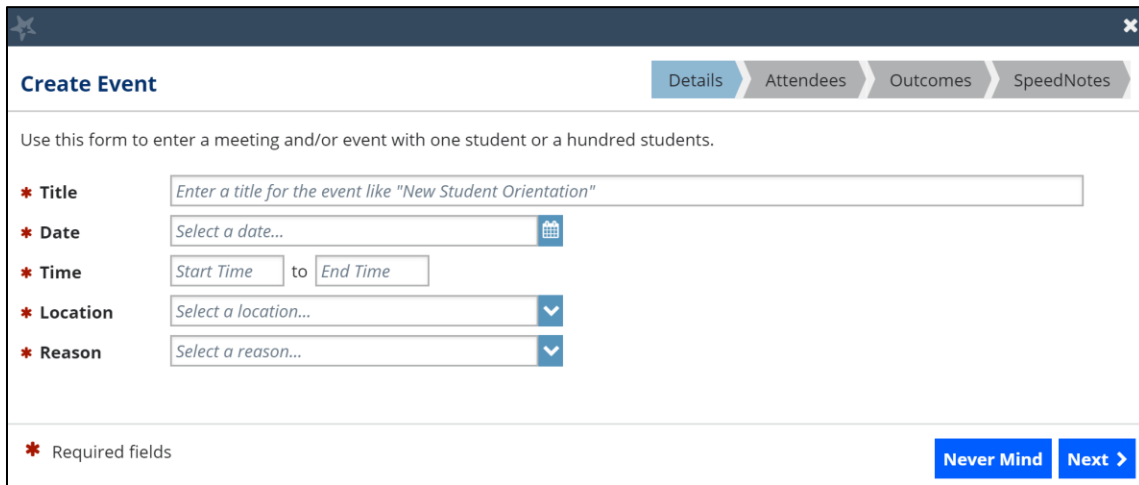

3. When you are finished, select **Submit**.

Event

The **Event** feature is a way to document attendees *after* an event occurred. The **Event** feature cannot be set up for future events, and it is not a way for students to register. It is merely a way to document attendees within Starfish to keep for records, track trends, or send targeted communication. This feature is standard for new clients but can be added for existing clients by contacting Starfish Support or your Starfish Consultant.

1. Select **Event** from your *Home* page. The Create Event form displays the *Details* tab.

A screenshot of the 'Create Event' form in the 'Details' tab. The form has a dark blue header with the Starfish logo and a close button. Below the header is a navigation bar with four tabs: 'Details' (active), 'Attendees', 'Outcomes', and 'SpeedNotes'. The main content area has a subtitle: 'Use this form to enter a meeting and/or event with one student or a hundred students.' Below this are five required fields: 'Title' (text input with placeholder 'Enter a title for the event like "New Student Orientation"'), 'Date' (calendar icon), 'Time' (two time input fields with 'to' between them), 'Location' (dropdown menu), and 'Reason' (dropdown menu). At the bottom left is a legend: '* Required fields'. At the bottom right are two buttons: 'Never Mind' and 'Next >'. There is a close button in the top right corner of the window.

2. Fill out the **Event** form to include a pertinent information regarding the event.

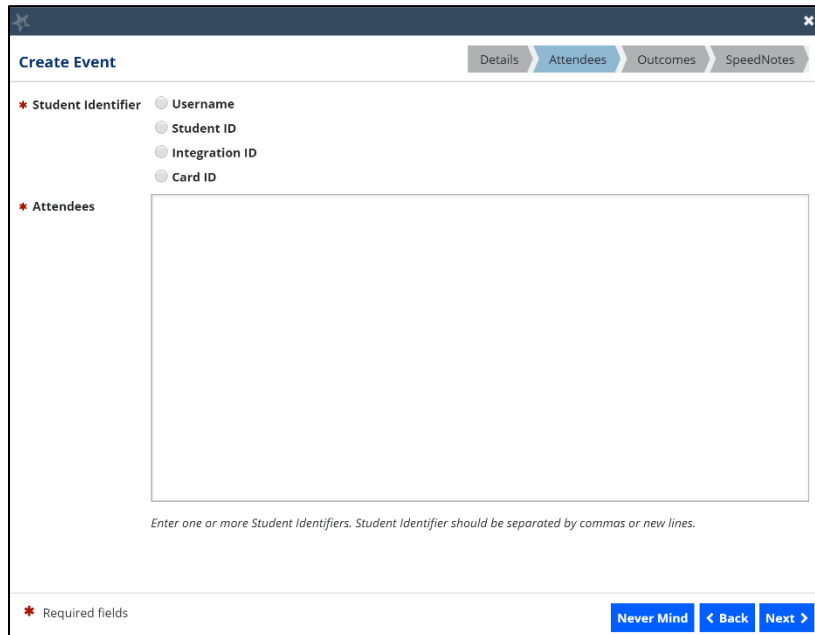

Keep in mind, only events in the past can be added, the calendar will not allow you to pick a date in the future.

3. Select **Next**. The *Attendees* tab displays.

4. Select the appropriate **Student Identifier** from the available options.

- If you received a list from an external source, verify the student identifier used to create the list.

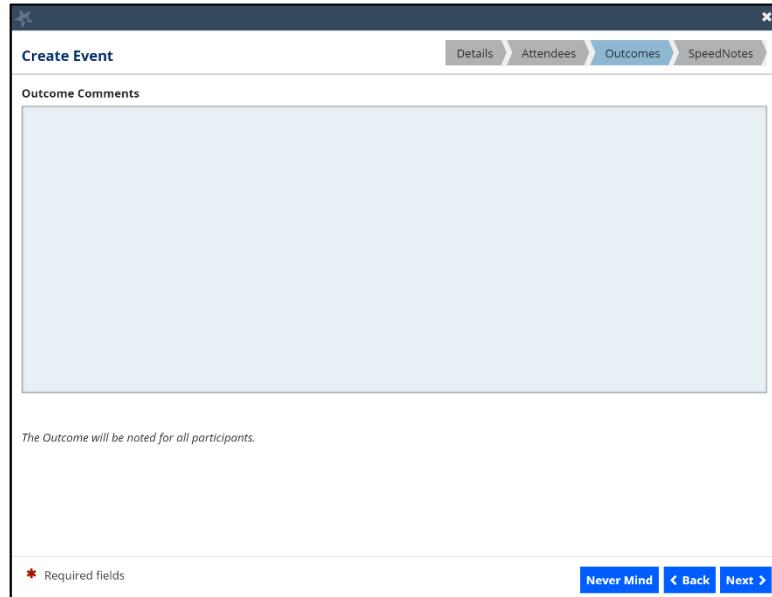

- If you created your list by downloading a list of students from your **My Students** tab within the *Students* area, use either the Username or Student ID, both of which are included as column in the download .csv file.
- If you created your list by downloading a list of students from your **Tracking** tab within the *Students* area, use the Student ID which is included in the .csv download in the column labeled *studentExtId*.

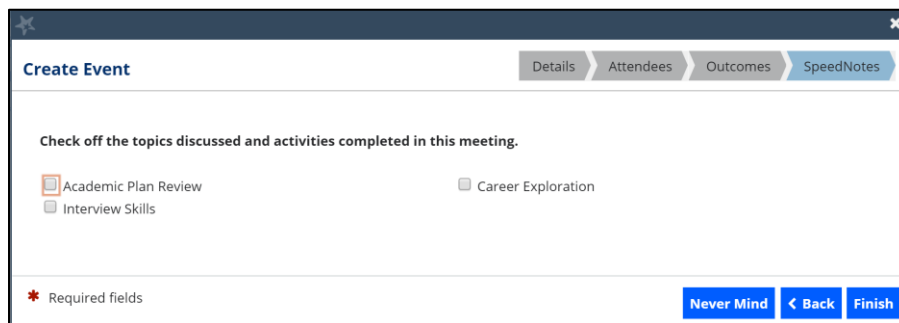

5. In the **Attendees** text box, either type or copy and paste a list of attendees (based on the student identifier you selected) into the text box.

6. Select **Next**. The *Outcomes* tab displays.

7. In the **Outcome Comments** free text field, enter any applicable comments. The comments you've entered will be available on the **Student Folder Meetings** tab of each attendee entered in the *Attendees* tab.

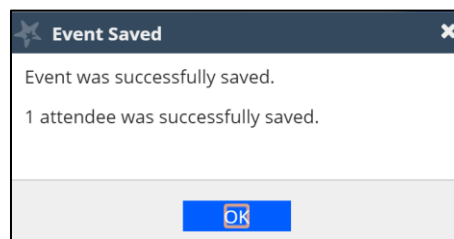

8. Select **Next**. The *SpeedNotes* tab displays.

9. Select the appropriate checkbox(es) pertinent to the event.

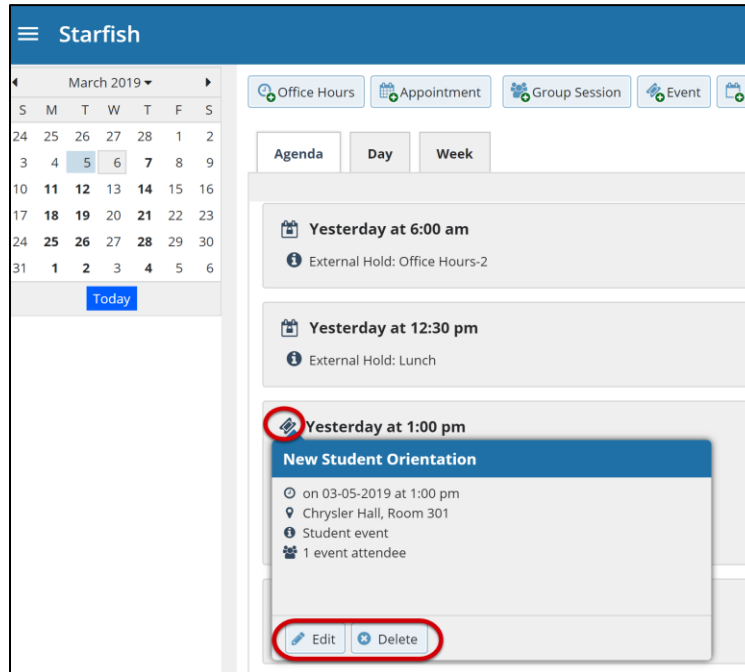

10. Select **Finish**. A confirmation window displays.

To use the **Event** feature, your Starfish Administrator *must* associate your *Appointment Type* with the permission to add events.

Manage Saved Events

Saved events will be available to view or edit from your **Agenda** on the *Appointments* page. Any **Outcomes** or **SpeedNotes** for the event will display on the student folder for each attendee that was successfully updated with the event.

Tips for Creating and Managing Appointments

Students may only schedule appointments with you during times you have designated as available, either through your office hours or group sessions.

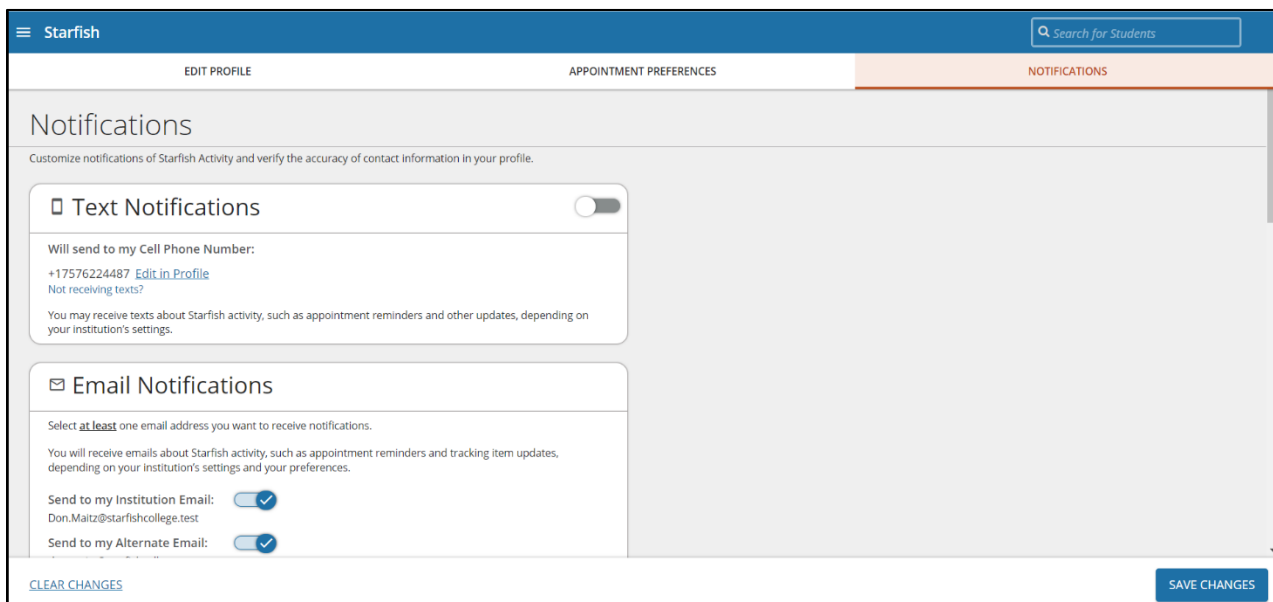

You and your designated calendar manager(s) can add appointments wherever you choose with a few exceptions:

- **You cannot overlap a reserved time:** If you use the **Reserve Time** feature to block time on your calendar, you will not be able to add an appointment in the time occupied by the reserved time without first removing the reserved time from your calendar.

- **You cannot overlap a group session:** you cannot add an individual appointment that overlaps with a group session previously added to on your calendar.
- **You cannot overlap an external hold:** If your Starfish calendar is integrated with an external calendar via Exchange or Google integration, you will find External Holds on your calendar. These represent items that exist on your other calendar (Outlook or Google). You will not be able to add appointments that conflict with external holds on your Starfish calendar.

Notifications

You can set preferences for email sent to you from Starfish for both Appointments and Tracking Items (e.g., flags, to-dos and referrals). (See the Faculty/Staff Getting Started Guide for more on Notifications.)

Starfish

Search for Students

EDIT PROFILE APPOINTMENT PREFERENCES NOTIFICATIONS

Notifications

Customize notifications of Starfish Activity and verify the accuracy of contact information in your profile.

Text Notifications

Will send to my Cell Phone Number:
+17576224487 [Edit in Profile](#)
Not receiving texts?
You may receive texts about Starfish activity, such as appointment reminders and other updates, depending on your institution's settings.

Email Notifications

Select **at least** one email address you want to receive notifications.
You will receive emails about Starfish activity, such as appointment reminders and tracking item updates, depending on your institution's settings and your preferences.

Send to my Institution Email:
Don.Maitz@starfishcollege.test

Send to my Alternate Email:

[CLEAR CHANGES](#) [SAVE CHANGES](#)

Email Notifications

In the email Notifications section, toggle to turn on at least one email address you want to receive **Email Notifications**.

Appointment Notifications

Specify when you wish to receive Planning Reminders, Appointment Alerts, and calendar attachments. Institution defaults will be used if you don't update these options. Each of these is described in the table below:

Don't send me planning reminders	When this option is selected, you will not receive any email reminders for upcoming appointments.
Send me a notification individually for each appointment	When this option is selected, you will receive a separate email for each appointment at the specified time.
Send me a digest of all appointments	When this option is selected, you will receive one email reminder with all upcoming appointments. The Send Digest at dropdown allows you to specify the cadence of the notifications.

Alert Reminders

Select the Notify me before the start checkbox to receive alerts prior to the appointment (from 15 minutes up to an hour).

Tracking Items

Summary Email

You have the option to receive summary emails of all tracking item and appointment activity by configuring the following options.

Daily: Select this option if you want to receive one email per day at the frequency specified with all relevant activity.

Weekly: Select this option if you want to receive one email per week on the specified day and time. To opt out of email communication, ensure neither option is selected.

None: Select this option if you do not want to receive a summary email.

Tracking Item Updates

Your Starfish administrator has determined which items you will be emailed. Items that may trigger an email to you are listed in the Flag Rules table below your notification options.

You can customize how you receive those

emails including whether you will receive your notifications as a summary email of all recent activity or as individual email for each item. Note, items marked with the **Emergency Notification** icon  will be sent when raised regardless of your settings.

Tracking Items

Customize tracking item notification preferences.

Summary Email

Send me a digest of all my Tracking Item activity:

Garland.Adams@starfishcollege.test 

If you are unable to remove a calendar manager from this area, contact your Starfish Administrator.

Save Appointment Preferences

When you have made all necessary edits to your profile settings, select **Save Changes**.

How Calendar Managers interact with your Starfish Calendar

Calendar Managers can view, add, and edit appointments on your Starfish calendar. You can designate other users to be your calendar manager through **Appointment Preferences** in your profile.

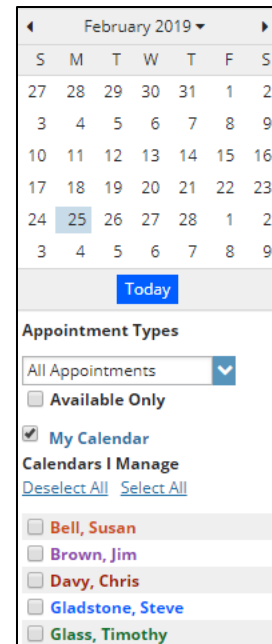

Institutions can create calendar managers via SIS import or administrator upload. You must contact your Starfish administrator to remove calendar managers created via these methods.

Calendar viewing options

If you are a designated calendar manager, a list of calendars you have permission to manage display under the **Calendars I Manage** heading.

You can filter the calendars displayed by **Appointment Type** and/or by individual users' calendars:

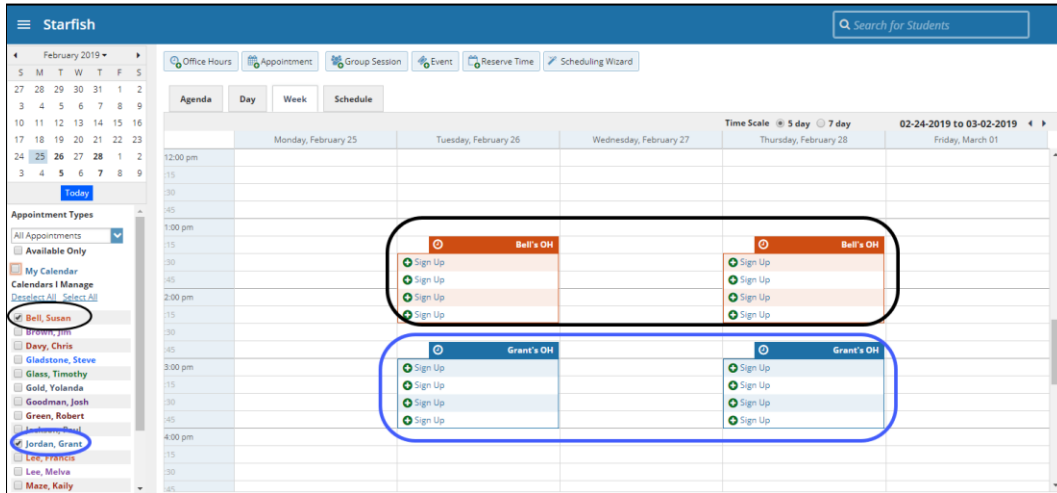

- Use the **Appointment Types** dropdown to filter the results by appointment type.
- Select the appropriate checkbox(es) associated with each calendar you'd like to view.

The screenshot shows a calendar for February 2019 with the 25th highlighted. Below the calendar is a 'Today' button. Underneath is the 'Appointment Types' section, which includes a dropdown menu set to 'All Appointments', a checkbox for 'Available Only', and a checked checkbox for 'My Calendar'. Below this is the 'Calendars I Manage' section, which has 'Deselect All' and 'Select All' links, followed by a list of calendar managers with checkboxes: Bell, Susan; Brown, Jim; Davy, Chris; Gladstone, Steve; and Glass, Timothy.

To make it easier to distinguish among calendars, each name is displayed in its own color.

As a calendar manager, a **Schedule** tab will display along with the **Agenda**, **Day**, and **Week** tabs. If you are opening more than 3 calendars at the same time, the **Schedule** tab is recommended. If you manage many calendars the **Select all** calendars option will only be available in the schedule view.

When you select the **Schedule** tab, Starfish may display a quick reference pop up that includes these tips for using the schedule view:

From the **Schedule** view, use the time scale option at the top of the schedule view to look at the combined schedules in 15-minute, 30-minute or 1-hour increments. Select an individual's name in the schedule view to jump to view that user's calendar in the day view.

Create and Update Appointments for others

If you are a calendar manager, you will have additional calendar selections when adding an appointment to the calendar.

On the **Add Appointment** form, you will find a dropdown selector in the **Calendar** field listing those individuals for whom you have the calendar manager permission.

Select the desired staff member to add an appointment to his/her calendar. Options presented in terms of students, locations and appointment types will be based on the selected user's role(s).

If you elect to add appointments, office hours, group sessions or reserved time from your *Appointments* page, individuals who are not checked in the **Calendars I Manage** section **will not** be listed as options in the dropdown box for **Calendar** on the **Add** forms.

Once the appointment, office hour block, group session or reserve time is created, you **cannot** modify the person whose calendar it belongs to (i.e. you cannot move it to another person's calendar by selecting another calendar).

Calendar Sync

In the Calendar Sync section, select the appropriate option to **Sync**.

Starfish Calendar Sync

Select the appropriate option to sync **from** your Starfish Calendar **to** your External Calendar.

Appointment Change	When selected, you will receive calendar attachments for appointment changes from your Starfish Calendar to your External Calendar.
Change to my Office Hours and Group Sessions	When selected, you will receive calendar attachments for changes to your Office Hours and Group Sessions from your Starfish Calendar to your External Calendar.

External Calendar Sync

Outlook Calendar Sync

If your institution has integrated your Outlook with Starfish select the **Allow Starfish to read busy times from your Outlook Calendar** to prevent scheduling conflicts with two calendars.

Google Calendar Sync

If you would like to sync your Google Calendar with Starfish, select the **Click here** link for additional instructions. Then select the **Allow Starfish to read busy times from your Google Calendar** to prevent scheduling conflicts with two calendars.

Enter your Google Calendar link in the **Paste Google Calendar Link** field to integrate your Starfish Calendar with your Google Calendar. **Note**, the instructions are provided when you select the Click here link as noted above.

It is highly recommended to keep both calendar attachment options checked (change to my appointments and change to my Office Hours/Group Sessions). This ensures that your external calendar (e.g., Outlook, Google, Entourage) receives the latest information from your Starfish calendar.

External calendar holds on your Starfish calendar

Items from your external calendar display as **external holds** on your Starfish calendar.

An external hold is distinguishable from a Starfish appointment on your Starfish calendar in two ways:

1. The title on the calendar does not include the hyperlink to the student folder.

External appt

Starfish appt

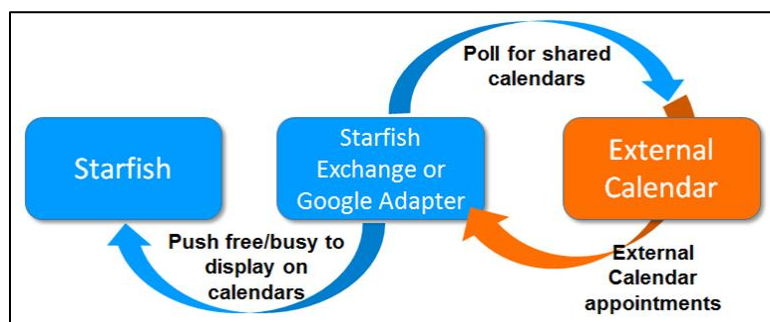

2. When you hover over the **Appointment menu** icon  the **External Hold** card is displayed rather than the Starfish **Appointment** card.

External holds will be respected when a calendar owner or manager is adding an appointment or other reserved time to the calendar. Times will display as unavailable and appointments will not be able to be added over external holds.

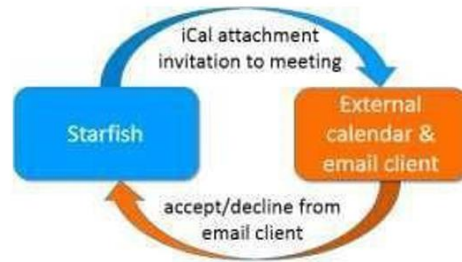

External Calendar Integration

Integration with an external calendar allows free/busy information from your external calendar to be displayed on your Starfish calendar. This type of integration is available for Google or Exchange, and your institution must have configured one of those options with Starfish for you to take advantage of it. With Starfish's adapter installed, Starfish will poll your external calendaring system for shared calendars, and then display the free/busy information from those shared calendars on your Starfish calendar.

How Starfish Communicates with your Online Calendar

Starfish supports **Two-Way Calendar Communication** via email with most online calendars (e.g., Microsoft Outlook, Google, Entourage). When an appointment is scheduled or updated in Starfish, a calendar invitation email (with iCal attachment) is sent to the student and the calendar owner allowing users to accept or decline in their email client.

This two-way communication about **Starfish** appointments is automatically available and requires no additional integration or installation.

When the Starfish Calendar is updated

Starfish triggers an updated calendar invitation (iCal) to be sent to you when a new or updated block of time is available for student meetings.

Notifications

Both you and the student will be sent an iCal when a student appointment is scheduled, changed, or canceled. You can modify whether to receive these notifications in the **Appointment Notifications** section of your *Profile*. Starfish highly recommends receiving email notifications for all changes as displayed below.

Send me an email with a calendar attachment for every:

change to my appointments change to my Office Hours/Group Sessions

When an invitation is canceled or declined

When you cancel or decline a Starfish invitation from within your external calendar, the cancel/decline is sent to Starfish and is reflected on your Starfish calendar.

You cannot modify Starfish appointments times in your external calendar. Only Accept, Cancel or Decline are reflected in Starfish. You must select **Send the Response Now** when declining for Starfish to be notified of the change.
