Dr. Peg Speirs

Ms. Kelly Ann Ryan

Abstract: While financial literacy access for K-12 students continues to expand in the U.S., the majority of first year students still enter college with little exposure to personal financial management concepts. During this presentation, Ms. Kelly Ann will give a preview of her educational content and activities appropriate for First Year Seminar, and Dr. Peg Speirs will share her experience of including one of Kelly Ann's presentations as part of her FYS course this year along with the follow-up assignment she developed for her students that allowed them to assess their own financial health and develop proposals for personal improvement.
