

Department of Computer Science

Graduate Program Prerequisite Courses

Computer Science: Software Development track

<i>Course #</i>	<i>Name</i>
CPSC 225	Discrete Mathematics for Computer Science II
CPSC 135	Computer Science I
CPSC 136	Computer Science II
CPSC 237	Data Structures

and one 300-level CPSC course approved by your advisor

Computer Science: Information Technology and InterDisciplinary tracks

<i>Course #</i>	<i>Name</i>
CPSC 125	Discrete Mathematics for Computer Science I
Choose one of the following:	
CPSC 135 or	Computer Science I
CPSC 123	Introduction to Scientific Programming
Choose one of the following:	
CPSC 136 or	Computer Science II
CPSC 220 or	Object-Oriented Multimedia Programming
CPSC 223 or	Advanced Scientific Programming
CPSC 242	Web Programming
CPSC 253	Information Technology Systems

and one 300-level CPSC course approved by your advisor

Work with your advisor and consider prerequisites for future courses when selecting your courses.
