**Why did you choose to study at
Kutztown University?**

I had heard great things about Kutztown University's outstanding Business Program, and after visiting the beautiful campus, I knew it was the right place for me! The peaceful natural scenery caught my eye, especially the stunning cherry blossom tree!

**Did anything surprise you about
studying in the U.S. or at Kutztown
University?**

I was surprised by how vibrant our campus is. While it feels peaceful, it offers plenty of resources for international students and embraces a diverse range of backgrounds and cultures.

**What is your favorite memory or
accomplishment from your time at
Kutztown University?**

Hanging out with the members of the ISO. I'm grateful to have met such amazing people in the club and to have spent time with them.

**Is there a Kutztown employee that you'd
like to recognize for support they
provided you?**

As an international student, I faced several challenges, but with the support of International Office and the Business Department, I felt encouraged and motivated.

**What are your post-graduation plans?
(Ex. OPT, graduate school, employment
overseas, etc.)**

After graduation, I plan to have Optional Practical Training for Hersheypark.

**What advice would you give future
international students?**

Be brave, humble, and always willing to learn new things!!!
