Preface

Welcome to the second issue of the College of Liberal Arts & Sciences Recognition of Achievements. This publication celebrates outstanding work from across our College to recognize faculty and staff excellence, foster connection, and amplify impact.

This publication was initiated in response to research showing our faculty felt their contributions were undervalued. No single strategy can fully shift that perception or culture, but this publication is one step in the right direction. As we honor contributions, we are committed to recognition that:

- Occurs in many ways, both formal and informal
- Extends beyond scholarly activity
- Does not create additional work for those being honored

This publication draws on the departmental submissions collected by the CLAS Dean's office that is shared with the Council of Trustees. Additionally, items for the formal recognition of Significant Career Achievement were solicited from CLAS faculty and staff and from the Office of Grants and Sponsored Projects.

Every CLAS department, the provost's office, the president's office, and the Office of Grants and Sponsored Projects will receive a bound copy of this publication.

While this publication focuses primarily on scholarly activity, we deeply value the everyday excellence displayed by faculty and staff in teaching, service, leadership, mentorship, and collaboration—ongoing contributions that may not always be visible to others. These accomplishments from all faculty and staff will be shared at the Annual College of Liberal Arts & Sciences Community Picnic and Celebration of Achievement.

If you aren't yet in the practice of sharing your successes with others and recognizing colleagues for their achievements, this moment may be the time to start. Creating a culture of appreciation is something we can all participate in.

Sincerely,
Laurie McMillan
Dean, College of Liberal Arts and Sciences
October 2026

Recognition of Significant Career Achievement

The Recognition of Significant Career Achievement honors accomplishments that reflect a deep investment of time and effort. These achievements have already earned attention beyond Kutztown University through publications, awards, or other forms of external recognition. By celebrating them internally, we aim to amplify their impact within our own community and foster a culture of shared pride and support.

Significant Career Achievement Categories

- Book publication
- Award from an external professional organization
- Principal Investigator on a major external grant
- Cumulative publications: 15 or more publications over the course of a career

PROFESSIONAL PUBLICATIONS

Dr. Moira Conway, Geography Department, published “*Analyzing the Impact of Warehouse Development in Rural Pennsylvania*,” with the Center for Rural Pennsylvania, August 28th, 2025. This project was supported by a Center for Rural Pennsylvania Grant.

Dr. Brooks Emerick, Department of Mathematics, May 2025, published the article titled “One Algorithm to Rule Them All.” Presented by: Evan Bongiovanni, Nicholas Brown, Calum Buchanan, Noah Chicoine, Brooks Emerick, Adebayo Emmanuel, Caroline Hammond, Kayode Oluwasegun, Olivia Pomerenk, Luis Schneegans, and Hemaho Taboe. Journal: *Mathematics in Industry Reports* (May 2026).

Dr. Brooks Emerick, Department of Mathematics, May 2025, published the article titled “The dynamic organization of cells in colonic epithelium is encoded by five biological rules.” Presented by: Bruce Boman, Thein-Nam Dinh, Keith Decker, Brooks Emerick, Shirin Modarai, Lynn Opdenaker, Jeremy Fields, Christopher Raymond, and Gilberto Schleiniger. Journal: *Biology of the Cell*.

Dr. Moe Folk, Department of English, published “*Introduction to Technical Writing: A Rhetorical Approach*”, through The Pennsylvania Alliance for Design of Open Textbooks (PA-ADOPT) via their 18th free and open eTextbook. All books are available to download in both ePub and PDF formats from <https://paadopt.org/>

Dr. Sandra M. Leonard, Department of English, published an article on June 1, 2025, “Will We Ever Know Wilde’s ‘Evil’ Intentions?: Part Two of Solving the Riddle of an Unfinished Epigram.” in the print magazine of the Oscar Wilde Society, *Intentions*, no. 133. This is a follow-up to Part 1 in issue 132, and it was again mentioned in the widely-read *Times Literary Supplement* in a June 13, 2025, article entitled “*Foul Play*.” <<https://www.the-tls.com/regular-features/nb/nb-june-13-2025>>.

John Lizza wrote “*The Necessity of Brain Flow Testing in Thoracoabdominal Normothermic Regional Perfusion: A Multidisciplinary Perspective*”, C. Lazaridis, J. Rafael Badenes, MD, PhD; John P. Lizza, PhD; Elizabeth Carroll, MD; Tracey Fan, MD, William Roth, MD; Michael A. Rubin, MD; William F. Parker, MD, PhD; James L. Bernat, MD. Transplantation 2026 doi: 10.1097/TP.0000000000005472. Chris Habeck, Department of Biological Sciences, 8/11/2025. Effects of biochar and compost on the productivity of corn and peas grown in a glass house. Ecological Society of America Annual Meeting. Baltimore, MD. *Contributed Poster Presentation.*

Dr. Brian Kronenthal, Department of Mathematics, JULY 1, 2025, gave an invited colloquium "I spy... cages, algebraically defined graphs, and Moore!" at Villanova University, Villanova, PA.

Dr. Lynn M. Kutch, Department of English provided a presentation (with Marlene Fares and Erin Krall), "The Passion Project and FYS Wonderfest!; CUREs Collaborative Curricular Model, and a Celebration of Innovation", at the Council on Undergraduate Research (CUR) ConnectURConference, online, June 25, 2025.

Dr. Sandra M. Leonard, Department of English, provided a presentation "A Moment's Monument': Oscar Wilde's Appreciation of Dante Gabriel Rossetti." at the Interdisciplinary Nineteenth-Century Studies (INCS) Conference, Genoa, Italy on 19 June 2026.

Dr. Matthew Junker, Physical Sciences, May 28-31, 2025, with KU undergraduate Jonathan Bryson (Dec. '25) presented "Western blot laboratory exercise to analyze regulation of expression of *Escherichia coli* β -galactosidase" at the Mid-Atlantic Regional Meeting of the American Chemical Society at Seton Hall University, NJ.

Andrew Mashintonio, Department of Biological Sciences, 8/11/2025. Long-term dataset of opportunistic sightings reveals shifting habitat preferences of humpback whales (*Megaptera novaeangliae*) in the Gulf of Maine. Ecological Society of America Annual Meeting. Baltimore, MD. Contributed Poster Presentation.

Chris Sacchi, Department of Biological Sciences, 8/11/2025. Comparative Study of Floral Traits and Pollinator Visitation to Native and Tropical Milkweed (*Asclepias*) in Pennsylvania. Ecological Society of America Annual Meeting. Baltimore, MD. Contributed Poster Presentation.

Dr. Myung Song, Department of Mathematics, August 7, 2025, presented his research (Ms. Pei Hua Lin, Dr. Yun (Amy) Lu, and Dr. Francis Vasko) titled "A practical approach to solving hard knapsack problems with integer programming software" at the US – Korea Conference (UKC 2025) in Atlanta, GA.

John Stanley, Department of History presented: "Reconstructing the Wartime Experience in the Weixian Internment Camp through Family Records and Memories." At the International Forum on Concentration Camps in Asia During World War II: History, Memory, and Cultural Heritage. August 16-18, 2025. Weifang, Shandong, China.

Mathew Stone, Department of Biological Sciences, 8/11/2025. Choco-lot of Birds: Comparing Avian Communities in Cacao and Forest Habitats. Ecological Society of America Annual Meeting. Baltimore, MD. Contributed Poster Presentation.

Todd Underwood, Department of Biological Sciences, 7/30/2025. The Influence of a Periodical Cicada Emergence on the Body Condition of Veeries. Association of Field Ornithologists Conference, Ogden, UT. Contributed Poster Presentation.

Dr. Wing Hong Tony Wong, Department of Mathematics, June 13, 2025, gave an invited colloquium "Discover the fun of number theory with Niven numbers" at Villanova University, Villanova, PA.

Dr. Wing Hong Tony Wong, Department of Mathematics, August 12, 2025, presented "Bounds on the mosaic number of Legendrian knots" at the Mathematics of Various Entertaining Subjects (MOVES) Conference, Courant Institute of Mathematics, New York University, New York, NY.

PROFESSIONAL CONFERENCES ATTENDED

Dr. Myung Song, Department of Mathematics, August 7-9, 2025, attended the US – Korean Conference (UKC 22025) in Atlanta, GA.

ACTIVITIES OR ACCOMPLISHMENTS OF NOTE

The Kutztown Pipe Band (KPB), a student group at KU and a nonprofit group in the Borough of Kutztown, had five outreach events during the time period. The KPB is led by Physical Sciences faculty, **Dr. Laura Sherrod**.

The Kutztown Memorial Day Parade on Monday 26 May 2025. Band members participating in this event included Rachel Massie (KU Alum of '05) and Chris Hamm (KU Alum of '21)

The summer concert series at the Emmaus bandshell on Sunday 22 June 2025. Band members participating in this event included **Laura Sherrod** (Physical Sciences Department), Chris Hamm (KU Alum of '21), Diana Cook (KU Alum of '98), and Andrew Mull (KU Web Integration Manager).

The Lancaster Lafayette 200 Bicentennial Celebration in Piqua on Tuesday 29 July 2025. Band members participating in this event included **Laura Sherrod** (Physical Sciences Department), Chris Hamm (KU Alum of '21), Diana Cook (KU Alum of '98), and Andrew Mull (KU Web Integration Manager).

The summer concert series at the Kutztown Band Shell on Sunday 24 August 2025. Band members participating in this event included **Laura Sherrod** (Physical Sciences Department), Chris Hamm (KU Alum of '21), Diana Cook (KU Alum of '98), and Andrew Mull (KU Web Integration Manager).

The Military and First Responders Appreciation event at the Hamburg High School football game on Friday 29 August 2025. Band members participating in this event included **Laura Sherrod** (Physical Sciences Department), Chris Hamm (KU Alum of '21), and Diana Cook (KU Alum of '98).

May 19-June 10, 2025, **Dr. Sarah Tindall** (Geology / Earth and Marine Sciences program) assisted with teaching a geological field methods course at two PASSHE universities at distant locations in Pennsylvania. This collaboration with faculty at other PASSHE institutions is part of a multi-year grant on which **Dr. Tindall** was a principal co-author. Several Kutztown University geology students took the course, which was open to students across the Commonwealth.

Wong, Dr. Wing Hong Tony, Department of Mathematics, February 1, 2026, published "Arithmetic progressions of integers that are relatively prime to their digital sums," *Rocky Mountain Journal of Mathematics* 56 (2026), 13-21, with Ryan Blau, Joshua Harrington, Sarah Lohrey, and Eliel Sosis.

Wong, Dr. Wing Hong Tony, Department of Mathematics, January 28, 2026, published "A further investigation on covering systems with odd moduli," *Discrete Mathematics* 349 (2026), Article 115013, with Chris Bispels, Matthew Cohen, Joshua Harrington, Joshua Lowrance, Kaelyn Pontes, and Leif Schaumann.

Wong, Dr. Wing Hong Tony, Department of Mathematics, January 5, 2026, published "On Sierpiński and Riesel repdigits and repintegers," *Integers* 26 (2026), A12, with Chris

Bispels, Matthew Cohen, Joshua Harrington, Joshua Lowrance, Kaelyn Pontes, and Leif Schaumann.

PROFESSIONAL PRESENTATIONS

Leonard, Dr. Sandra M., Department of English, January 8, 2026. “Wilde and Rachilde: Sympathetic Appreciations” Modern Language Association Convention. Toronto, CA.

McQuaid, Dr. Lyn, Department of Mathematics, presented “Kutztown University’s REVEALS (Research, Educate and Value Equity at all Levels in STEM) Initiative” along with Dr. Michele Baranczyk and Dr. Moira Conway at the PASSHE 2026 Women’s Consortium Conference at Kutztown University on February 23, 2026.

Oakley, Dr. Adrienne, Department of Physical Sciences, December 2025 Dr. Oakley presented student-faculty original research with KU Alumna Hannah (Sellers) Cutshaw ('24) and KU student Gabriella DeMarco ('26) at the international American Geophysical Union Conference in New Orleans, LA, December 15-19, 2025. “Mid-Pleistocene to Holocene paleoenvironmental change recorded in sediment cores and GPR surveys from Savage Neck Dunes Natural Area Preserve (SNDP) on the Southern Delmarva Peninsula”

Seier, Dr. Danielle, Department of Physical Sciences, December 7th, 2025, presented "Mechanistic model of myosin X procession" at American Society of Cell Biology (ASCB) Annual Meeting in Philadelphia, PA.

Wong, Dr. Wing Hong Tony, Department of Mathematics, January 4, 2026, presented “On covering systems and Sierpiński or Riesel numbers” at the Joint Mathematics Meeting, Washington DC.

PROFESSIONAL CONFERENCES ATTENDED

Wong, Dr. Wing Hong Tony, Department of Mathematics, February 21, 2026, attended the PASSHE-Mathematics Association Conference, online.

ACTIVITIES OR ACCOMPLISHMENTS OF NOTE

Oakley, Dr. Adrienne, Department of Physical Sciences, attended the 2nd Annual Wallops Shoreline Studies Meeting on January 13, 2026 at NASA’s Wallops Flight Facility in Wallops Island, VA to collaborate with coastal scientists and modelers from across the country all working toward a goal of maintaining a sustainable launch facility in light of sea level rise and chronic erosion on the island. Also in attendance were three KU alumna; Andrea Dempsey ('18) and Keara Bedson ('23) representing the Chincoteague Bay Field Station, and Alexandra Garnand ('19) who has been working on this research since 2015.

Simko, Professor Thomas, Department of English, presented at The International Conference for the Fantastic in the Arts, in Orlando, Florida on March 18, 2026, for his essay, "Through the Functional Magnetic Resonance Looking Glass: Applying Educational Neuroscience in the Writing Classroom Through the Lens of a Neurodiverse Educator".

Voccola, Professor Jeffrey, Department of English, was invited to speak and give a workshop on February 28, 2026, at the Greater Lehigh Valley Writers Group in Easton, PA.

PROFESSIONAL CONFERENCES ATTENDED

Schlegel, Jennifer and Donner, Bill, Department of Society, History and Culture, March 19-21 professors of Anthropology along with Patrick Donmoyer, Director, Pennsylvania German Cultural Heritage Center, attended and presented at the Society for German American Studies, Columbus, Ohio.

Schnell, Steven M., Department of Society, History and Culture, March 17-21, 2026. Attended American Association of Geographers annual meeting, San Francisco, CA.

ACTIVITIES OR ACCOMPLISHMENTS OF NOTE

Fhunsu, Professor Donato, Department of English, and three students, Mallory Shrubsall, Jone't Fofana, and Jayla Walker attended the keynote lecture given by Dr. Eddie S. Glaude, Jr., of Princeton University, on "Frederick Douglass, James Baldwin, and Their Lessons for our Time", while attending the Frederick Douglass Institute PASSHE 2026 Collaborative Conference at West Chester University, in West Chester, Pennsylvania from March 31, 2026, to April 1, 2026. The students attended various presentations given by other presenters at the Conference and it was a great learning experience for the students.

Professor Donato Fhunsu, Department of English, has received confirmation that two of his students have been admitted to graduate school for Fall 2026:

Jeremiah Purvis, the MFA program in Creative Writing at McNeese State University (fully funded).

Aminata Jalloh, the MA program in Strategic at La Salle University.

The Kutztown Pipe Band (KPB), a student group at KU and a nonprofit group in the Borough of Kutztown, participated in four outreach events during the time period. The KPB is led by Physical Sciences faculty, **Dr. Laura Sherrod**.

The Fellowship Community of Whitehall on 12 March 2026. Band members participating in this event included Chris Hamm (KU Alum of '21)

The Reading Calvary UCC on 8 March 2026. Band members participating in this event included Diana Cook (KU Alum of '98)

The Bethlehem Parade of Shamrocks on 14 March 2026. Band members participating in this event included Diana Cook (KU Alum of '98) and Andrew Mull (KU Web Integration Manager)

The Allentown Saint Patrick's Day Parade on 22 March 2026. Band members participating in this event included Diana Cook (KU Alum of '98) and Andrew Mull (KU Web Integration Manager)
