

105. COORDINATION WITH STATE AND LOCAL AUTHORITIES

- A. Projects will be under the authority of Maxatawny Township regarding Land Development, Zoning, and Storm Water requirements.
- B. NPDES and ESC Plan jurisdiction shall fall under the Berks County Conservation District.
- C. Construction inspection and occupancy approval is under the jurisdiction of Pa. L&I.

It is Kutztown University's expectation that the design professional's fees shall include development of and submission of all required documentation as required by the authorities having jurisdiction. In addition, the professional's quoted fees shall include time allotted to meet with the township engineer to understand storm water design requirements and to perform storm water design reviews prior to document submission to the township. Further, the design professional's quoted fees shall include time allotted to attend township Zoning Committee and Supervisor meetings when project reviews are on the agenda. KU will also have representation at these meetings.
