Rationale: Graduate students enrolled for a second master’s degree at Kutztown University may be entitled to apply for up to six (6) hours of graduate credit earned during their first graduate degree, to be credited toward a second master’s degree, subject to the policies cited below:

1. Transfer credits from a previously earned master’s degree issued by Kutztown University and subsequently applied to a second master’s degree also to be issued by Kutztown University are hereinafter cited as “internal transfer credits.”
2. Internal transfer credits are available only to those graduate students who are fully enrolled and currently accepted into a second master’s degree program.
3. Internal transfer credits from a previously earned master’s degree is limited to not more than six (6) semester hours of graduate credit.
4. Internal transfer credits shall be restricted to those graduate courses in which a grade of “B” or better was earned.
5. Grades received on internal transfer credits shall not be used in the computation of the student’s grade point average (GPA) for the second master’s degree. This means that University internal transfer credits are treated in the same manner as external transfer credits (from other accredited institutions of higher learning) in a given program and are mathematically neutral in the determination of GPA of the second master’s degree.
6. The granting of academic credit from previously earned master’s degree at Kutztown University is a privilege, not a right, which may be granted only upon approval by the recipient academic department. This means that the advisor, chair, or Graduate Dean may decline to approve the proposed internal transfer credits on the basis that the course or the courses are not timely or the course or the courses are deemed inappropriate for the curriculum of the second master’s degree.
7. The signatures of the student’s advisor and the chair of the appropriate department (herein defined as the “recipient department”), therefore, attest their mutual convictions that the proposed transfer credits are reasonable, timely, and applicable to the second master’s curriculum.
8. The final authority for approval of internal transfer credits is the Dean of College of Graduate Studies.
