

## Secondary Education

### Research Embedded in Curriculum:

- research is typically embedded in content-specific methods courses (i.e. SEU 410, 430)
- EDU 100: students often asked to create and present posters summarizing research

### Venues Where Students Have Presented:

- KUs Council on Human Diversity Conference (early March)
  - Pennsylvania Middle Level Education Conference
  - National Association on Multicultural Education (NAME)
- discipline-specific conferences (i.e. math education conference or PSMLA [Pennsylvania State Modern Language Association])
- Berks County Undergraduate Research and Creativity Conference
