

Small Business Development Centers
Helping businesses start, grow, and prosper.

TECHNOLOGY

**Small businesses in
Pennsylvania are advancing
innovative products and
technologies.**

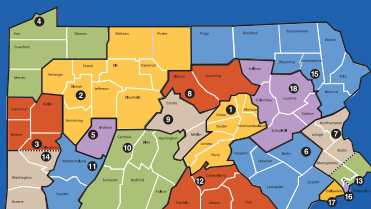

The Pennsylvania SBDC provides guidance and support to makers and innovators of new products and technologies.

We can help you with:

- Business development
- Building your management and technical teams
- Professional connections
- Product development planning
- Assessing market potential
- Commercializing products
- Overcoming design and manufacturing challenges
- Preliminary intellectual property guidance
- Finding funds to further your technical concepts
- Obtaining SBIR/STTR and other R&D grants

Statewide Services

Contact your local SBDC for professional, no-fee assistance for your small business.

Find your local SBDC by visiting
