Student Eligibility

Student Eligibility has expanded from the criteria used within HEERF I & HEERF II funding known as the CARES Act and CRRSSA respectively. FAFSA completion is no longer required, nor is making satisfactory academic progress, however the grant states a focus for funding must be on those with exceptional need and can also be used to cover tuition costs at KU. A mass release strategy has not been developed for these funds for the Fall 2021 semester however we estimate that roughly 5,000 students would once again be eligible while still focusing on those most needy. We are currently in a request only phase.

Based on the expansion of student eligibility, all students at Kutztown University are eligible to apply for these funds.

Methods Used to Determine Which Students Receive Aid and How Much

KU will likely utilize a similar two-part approach to assist as many students as possible when a release strategy is developed. An online request form is currently being utilized.

Instructions or Directions Given to the Students

The same application / request process for the additional funds with ARPA has remained in place.

At this time, an additional webpage dedicated to ARPA funding is getting published (following the CARES Act / CRRSAA model). On this webpage, a link is provided for students to make additional fund requests to be reviewed by the KU Care Team.

Additionally, students enrolled in summer classes are emailed about the funding and how to make a request should they have been impacted by the pandemic. These communications contained the following information:

- General instructions on the purpose and allowable uses of funds,
- Anticipated disbursement date,
- Method of disbursement,
- A link to the online request form for additional emergency funds,
- Contact information for questions, and
- Acknowledgement of the federal government as the source of funding.
