

Kutztown University Office of Veterans Services

Veterans Services Emergency Fund

Purpose: We understand how personal financial constraints can increase the risk of success at college. When you are having trouble meeting urgent basic living expenses (rent, utilities, and food) and temporary needs, the Veterans Services Office may be able to provide a grant.

When funding is available, grants are provided to meet one-time emergency needs that would otherwise prevent students from continuing their education at Kutztown. An appointment with the Office of Veterans Services is required for grant consideration. Approved grants are paid directly to the third party.

Eligibility: Actively enrolled KU student-veterans and military-affiliated students. Eligibility is determined after the appointment.

Grant: up to \$300 (one-time grant)

Application: Make an appointment with the Veterans Services Office to discuss.

Contact: veterans@kutztown.edu or 610-683-4228
